

Creation's

Shaneh

Part #1

First Tequfah Witness

Creation's First Tequfah

Who DECLARED

the DNA in
“Shaneh?”

GENESIS 1:14?

- **NOTICE:** For those new to these studies –
- The word – **Cycle** – is used to designate one 24 hour period, Dawn to Dawn, within a week of 7.
- There are 7 - 24 hour cycles in a week.
- The word “**day**” causes too much confusion within its ambiguous inaccuracy.
i.e. Is “day” the light season? Is it the night season or does it reference both?
- **Cycle** - effectively eliminates all this confusion. 😊

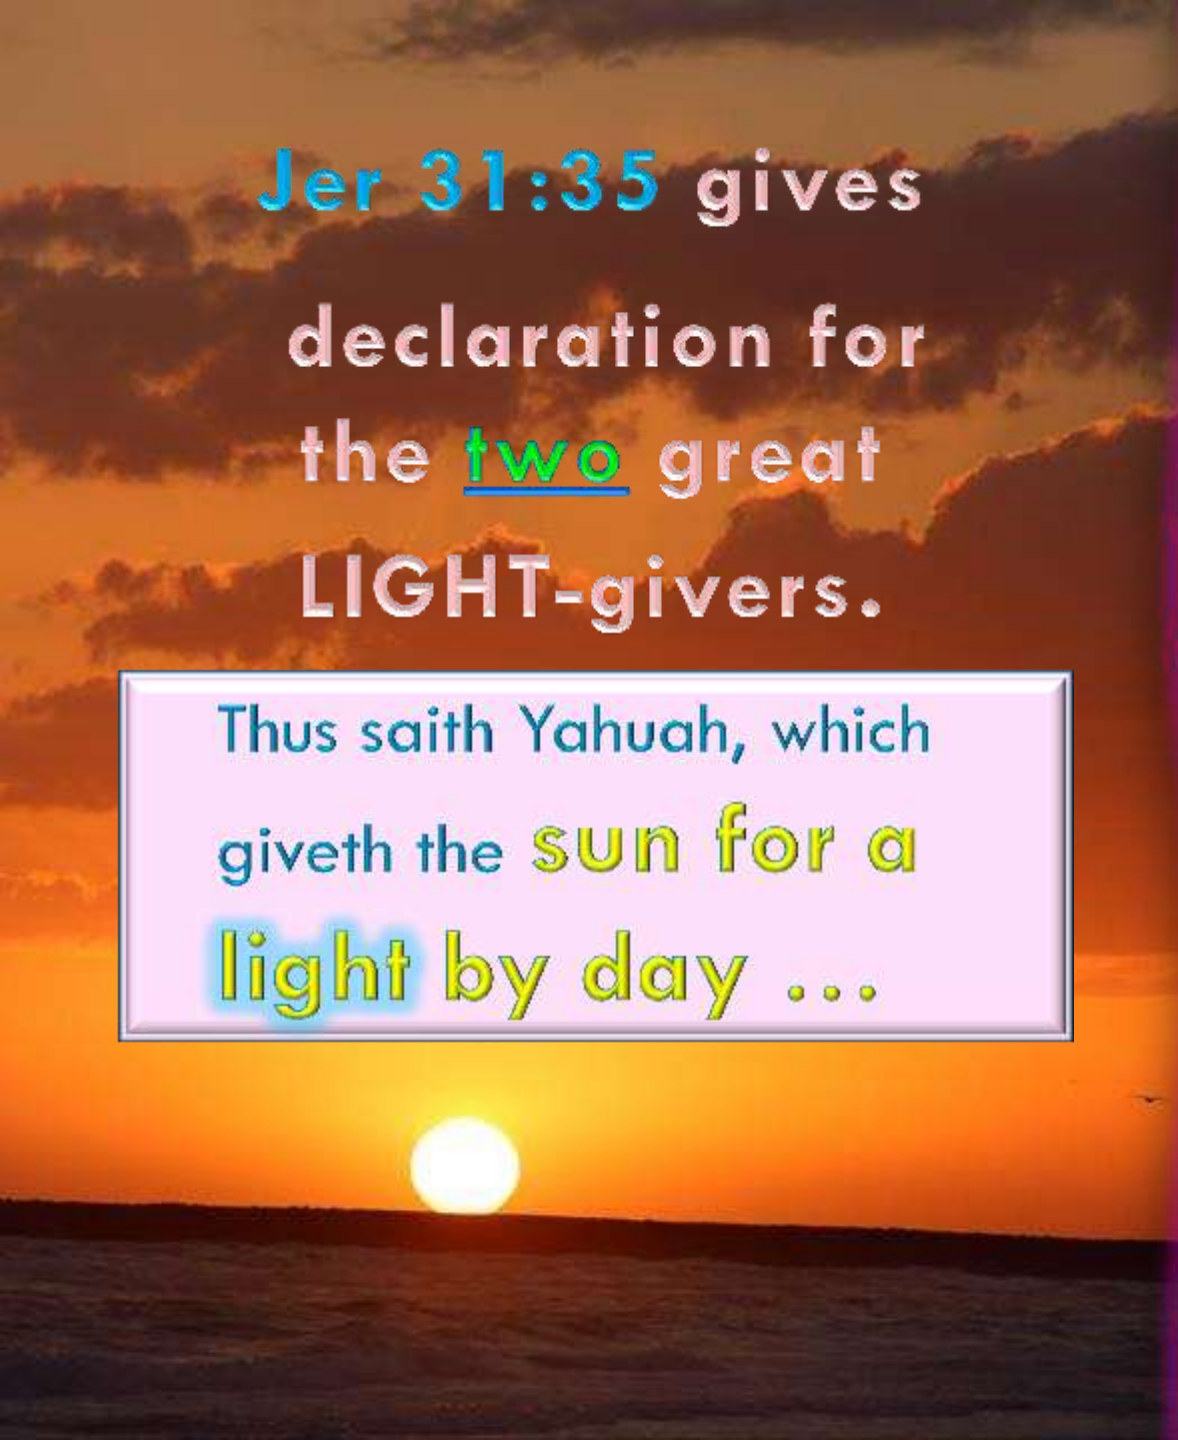

Where would one expect to find
ULTRA PERTINENT Calendar
instructions in a guide for *LIFE*?

1700 years after an introduction?

(Reference - Joseph's prophetic dream which is the
1st mention of the *moon* in the Bible?)

Or at - *Creation's Establishment?*

- Scripture records in **Genesis 1:16** that **Yahuah** created **Two Great Lights**.
- The word **bara** (to create) is not seen in cycles 2,3 or 4 during the creation week.
This factor exposes that these **Two Great Lights** were created on the very first cycle just as it is written! – see **Genesis 1:1**.
- It was on the cycle **#4** that these two **TWO LUMINARY** identities were given their commission to deliver light to the inhabitants that were to live on this earth.
- The Sun orb was designed to support life in all living organisms on this earth.
- The **Mazzaroth** reveals its silent story line - **THE PLAN OF SALVATION** to this earth.
The **Mazzaroth**, **historic to future**, was designed to provide **LIGHT, TIMING, INSTRUCTION, INSPIRATION, HOPE and STRENGTH!**

Jer 31:35 gives
declaration for
the two great
LIGHT-givers.

Thus saith Yahuah, which
giveth the sun for a
light by day ...

The Mazzaroth!

... and of the stars for
a light by night ...

What does Job reveal about the moon?

See, even the moon does not shine,
and the stars have not been
flawless in His eyes.

Job 25:5

HalleluYah Scriptures

In the Scriptures, the very first mention of a **YEAR** is found in **Genesis 1:14**.

The Hebrew word is H8141 -
Shaneh.

The reason for looking at this word is to determine if **Shaneh** has a **Lunar** or a **Tequfah** (Equinox) connection for determining **Yahuah's** Mo-edim (Feasts.)

1 Cor 14:33 – For Yahuah is **NOT** THE AUTHOR OF **CONFUSION**,
but of peace as in all churches of the saints.

Is it somehow possible that **Yahuah** ***positively identified*** the design of His worship year **RIGHT FROM THE START** - ***Creation?***

SHANEH

H8141

- Will the LUNAR system of worship EXACTLY REFLECT the Hebrew definitions?
- Will SHANEH exemplify the scriptural TEQUFAH (EQUINOX)?
- Which system of worship will fulfill
 - through absolute perfection –
 1. Yahuah's commands
 2. the Torah statutes
 3. the Hebrew word definitions?

SHANEH

H8141

Is there a Scriptural reference (or two) that links Shaneh with a lunar year? (Is it even possible that someone can find the Scriptural Hebrew word that by definition perfectly describes a lunar year!)

There are two witnesses directly linking **Shaneh** H8141 with the **Tequfah!**

- **Exo 34:22** And perform the Festival of Weeks for yourself, of the first-fruits of wheat harvest, and the Festival of Ingathering at the **TURN** [8622 **Tequfah**] of the **YEAR** [H8141 **Shaneh**]. The Scriptures
- **Exo 34:22** And thou shalt observe the Feast of Weeks, of the firstfruits of wheat harvest, and the Feast of Ingathering at the **YEAR'S** H8141 [**SHANEH**] **END** [**TEQUFAH** H8622]. KJV

- **Exo 34:22** Has exposed 2 extremely important elements required of each and every person who decides to honour the commands of **Yahuah!**
- **TURN** [8622 **Tequfah**] of the **YEAR** [H8141 **Shaneh**].

Any person desiring to observe **Yahuah's Feasts**, must indeed upon command, observe them on a **Shaneh** year format that fully incorporates the function of the **Tequfah** which ends and starts the year.

ONCE MORE, NOTICE **YAHUAH'S BLINDING ABSENCE IN MENTIONING**
ANY PHASE WHATSOEVER - OF THE MOON!

2nd Witness -

- **2 Chron 24:23** And it came to pass at the **end [H8622 Tequfah]** of the **year [H8141 Shaneh]**, *that* the host of Syria came up against him: and they came to Judah and Jerusalem, and destroyed all the princes of the people from among the people, and sent all the spoil of them unto the King of Damascus.
- **Wait a minute! The - “END OF THE YEAR”?**
Why is there NO lunar phase mentioned here?
- Your answer will be thoroughly realized in this study!

We have just seen **two witnesses** that directly link *Shaneh* with a *Tequfah* based year.

Interestingly, that diametrically links *Shaneh* with Revelation 22:2 and the **12** fruits on the *TREE OF LIFE!*

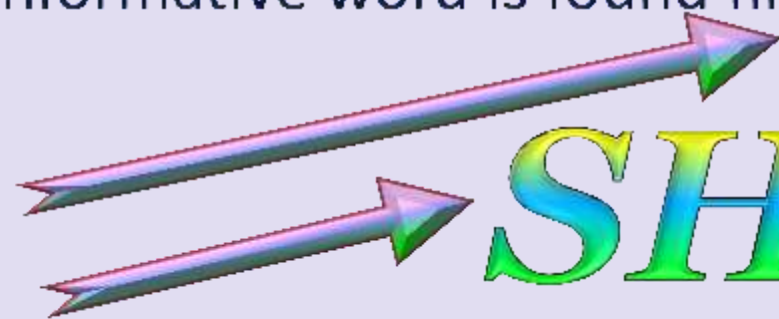

12 Fruits, one for each month!

Why is there **NO FRUIT** for a **LUNAR 13th month?**

A Clue -

Isaiah declares we can know the - *End - from the Beginning!*

With the pagan lunar worship system fully exposed as being under the feet of Yahusha's Bride (Rev 12:1), let's investigate this pertinent Hebrew word. This hyper-informative word is found first in Genesis 1:14 – translated for us as – **YEARS!**

SHANEH

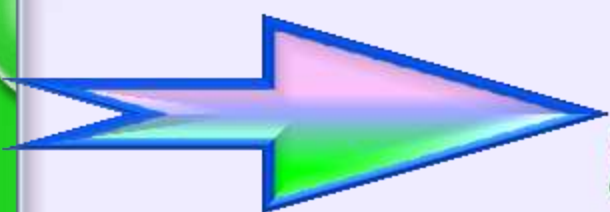

H8141

THE GESENIUS' HEBREW – CHALDEE LEXICON has the definitions of [8141]

שנה (SHANEH) as – OF THE COURSE OF THE SUN...

OF THE COURSE OF THE SUN

SHANEH

continued

THE GESENIUS' HEBREW – CHALDEE LEXICON has the definitions of [8141]

שנה (SHANEH) as – of the course of the SUN,

or of the changes of seasons, as Spring, Summer, Autumn, Winter;
compare the latin *annus*, WHICH DENOTES A CIRCLE.

Let's view Yahuah's Scripturally recorded parameters of a circle!

360°

Eccl 1:5 The sun also rises and hurries back **to the place where it arose.**

Does the Moon

EVER

return back to its original
place of commencement on
either 360 or 365 days?

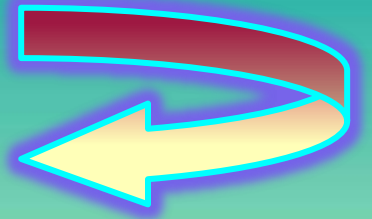

Genesis 1:14 – YEARS!

SHANEH

OF THE COURSE OF THE SUN...

POINT #1 - THE SUN IS NOT A MOON!

or of the changes of seasons, as Spring, Summer, Autumn, Winter;
compare the latin *annus*, which denotes a CIRCLE.

Eccl 1:5 makes it clear that a circle starts at one point, travels 360° and returns
to the very point of origin. *Is there another witness for the sun?*

Ps 19:6 Its rising is from one end of the shamayim (heavens),
and its circuit to the other end.

HalleluYah Scriptures

Scriptures declare a completed cycle as - **POINT OF ORIGIN TO POINT OF ORIGIN!**
Does the moon accomplish this task without discrepancy?

Scripture declares a **completed circle** as **360 degrees!**

We note here that once the sun has completed its full circuit, it is then seen in the same location of the Mazzaroth, from where it once started!

Did **Yahuah** designate a very specific time of year as the home base or – **POINT OF ORIGIN** as a TABERNACLE – (Ps 19:4c) of the sun?

Ps 19:4 *Their line [the Mazzaroth] has gone out through all the earth, and their words to the end of the world. In them he set up*
A TENT [a Tabernacle] FOR THE SUN ...

The two points of reckoning are the two Tequfah:

Normally – Mar 20

Normally – Sept 23

1. Spring Tequfah, and **2. Autumn Tequfah** {equinox}!

It is this **ABIB** {the greening} point of springtime (**tequfah/equinox**) when **Yahuah** told Mosheh it was indeed the first month of the year (H8141)! Mosheh was trained in the **wisdom** of Egypt with Pharaoh's intention that Mosheh would one day rule Egypt.

Acts 7:22

AND MOSES WAS LEARNED IN ALL THE

WISDOM OF THE EGYPTIANS,

AND WAS MIGHTY IN WORDS AND IN DEEDS.

What? The Egyptians had wisdom?

WISDOM OF THE EGYPTIANS!

I have always been taught that the Egyptians were all about paganism and full of sin!

*Is it possible that the Egyptians were doing something righteous and Yahuah **PURPOSELY HAD MOSHEH TRAINED** in their type of commerce to later lead Yisra'el in those **exact same principles?***

Yahuah insured that Mosheh grew up and was highly trained knowing very clearly that the Great Pyramid of Giza **and the Sphinx** were both designed with astounding accuracy to demarcate the **EXACT** day of the Tequfah. *We will look at Yahuah speaking with Mosheh later in this study!*

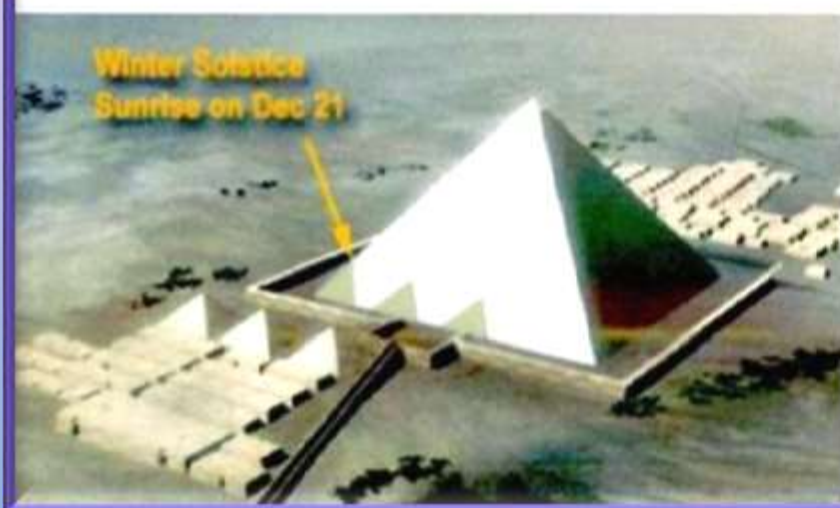

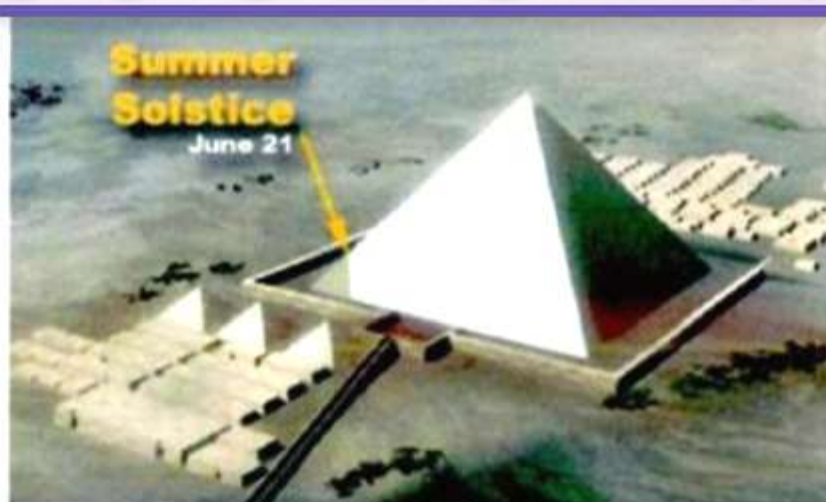

ACCURACY is PARAMOUNT!

The Great Pyramid also clearly demarcated the 24 hour cycles immediately prior to, and following the ***Tequfah!***
A HUGE IMPORTANCE was emphasized on this guideline for Egypt's commerce!

MOSES' WISDOM FROM EGYPT

ACTS 7:22

- THE DESIGN OF THE PYRAMIDS CAN ACCURATELY CALCULATE THE EQUINOX'S & SOLSTICE'S BECAUSE THE MOVEMENTS OF THE MAZZAROTH AND THE SUN ARE PERFECT – UNTOUCHED BY ANY MAN, INCLUDING PAGANS!

KNOWLEDGE TREASURY OF EGYPT

Gaze of Great Sphinx aligned with equinox sunrise

- The Sphynx which contains the 4 symbols as a representation directing our attention towards [Yahuah](#); the Ox, Lion, Eagle and a Human.
- **Ultra important**, the Sphynx was designed so when positioned at the tail, on the Tequfah (equinox) the sun arises in perfect alignment directly above the head.
- This is nothing less than another marvel of construction in Egypt.

What about the Messianic Testament? (New Testament)

We find a **VERY STRONG Tequfah Witness** in

Ya'aqov 1:17 (James).

After **Yahusha** died, His half brother positively identified the **Tequfah based Covenant Calendar** as still, and forever, being the calendar of **Yahuah!**

- NO SHADOW OF TURNING!

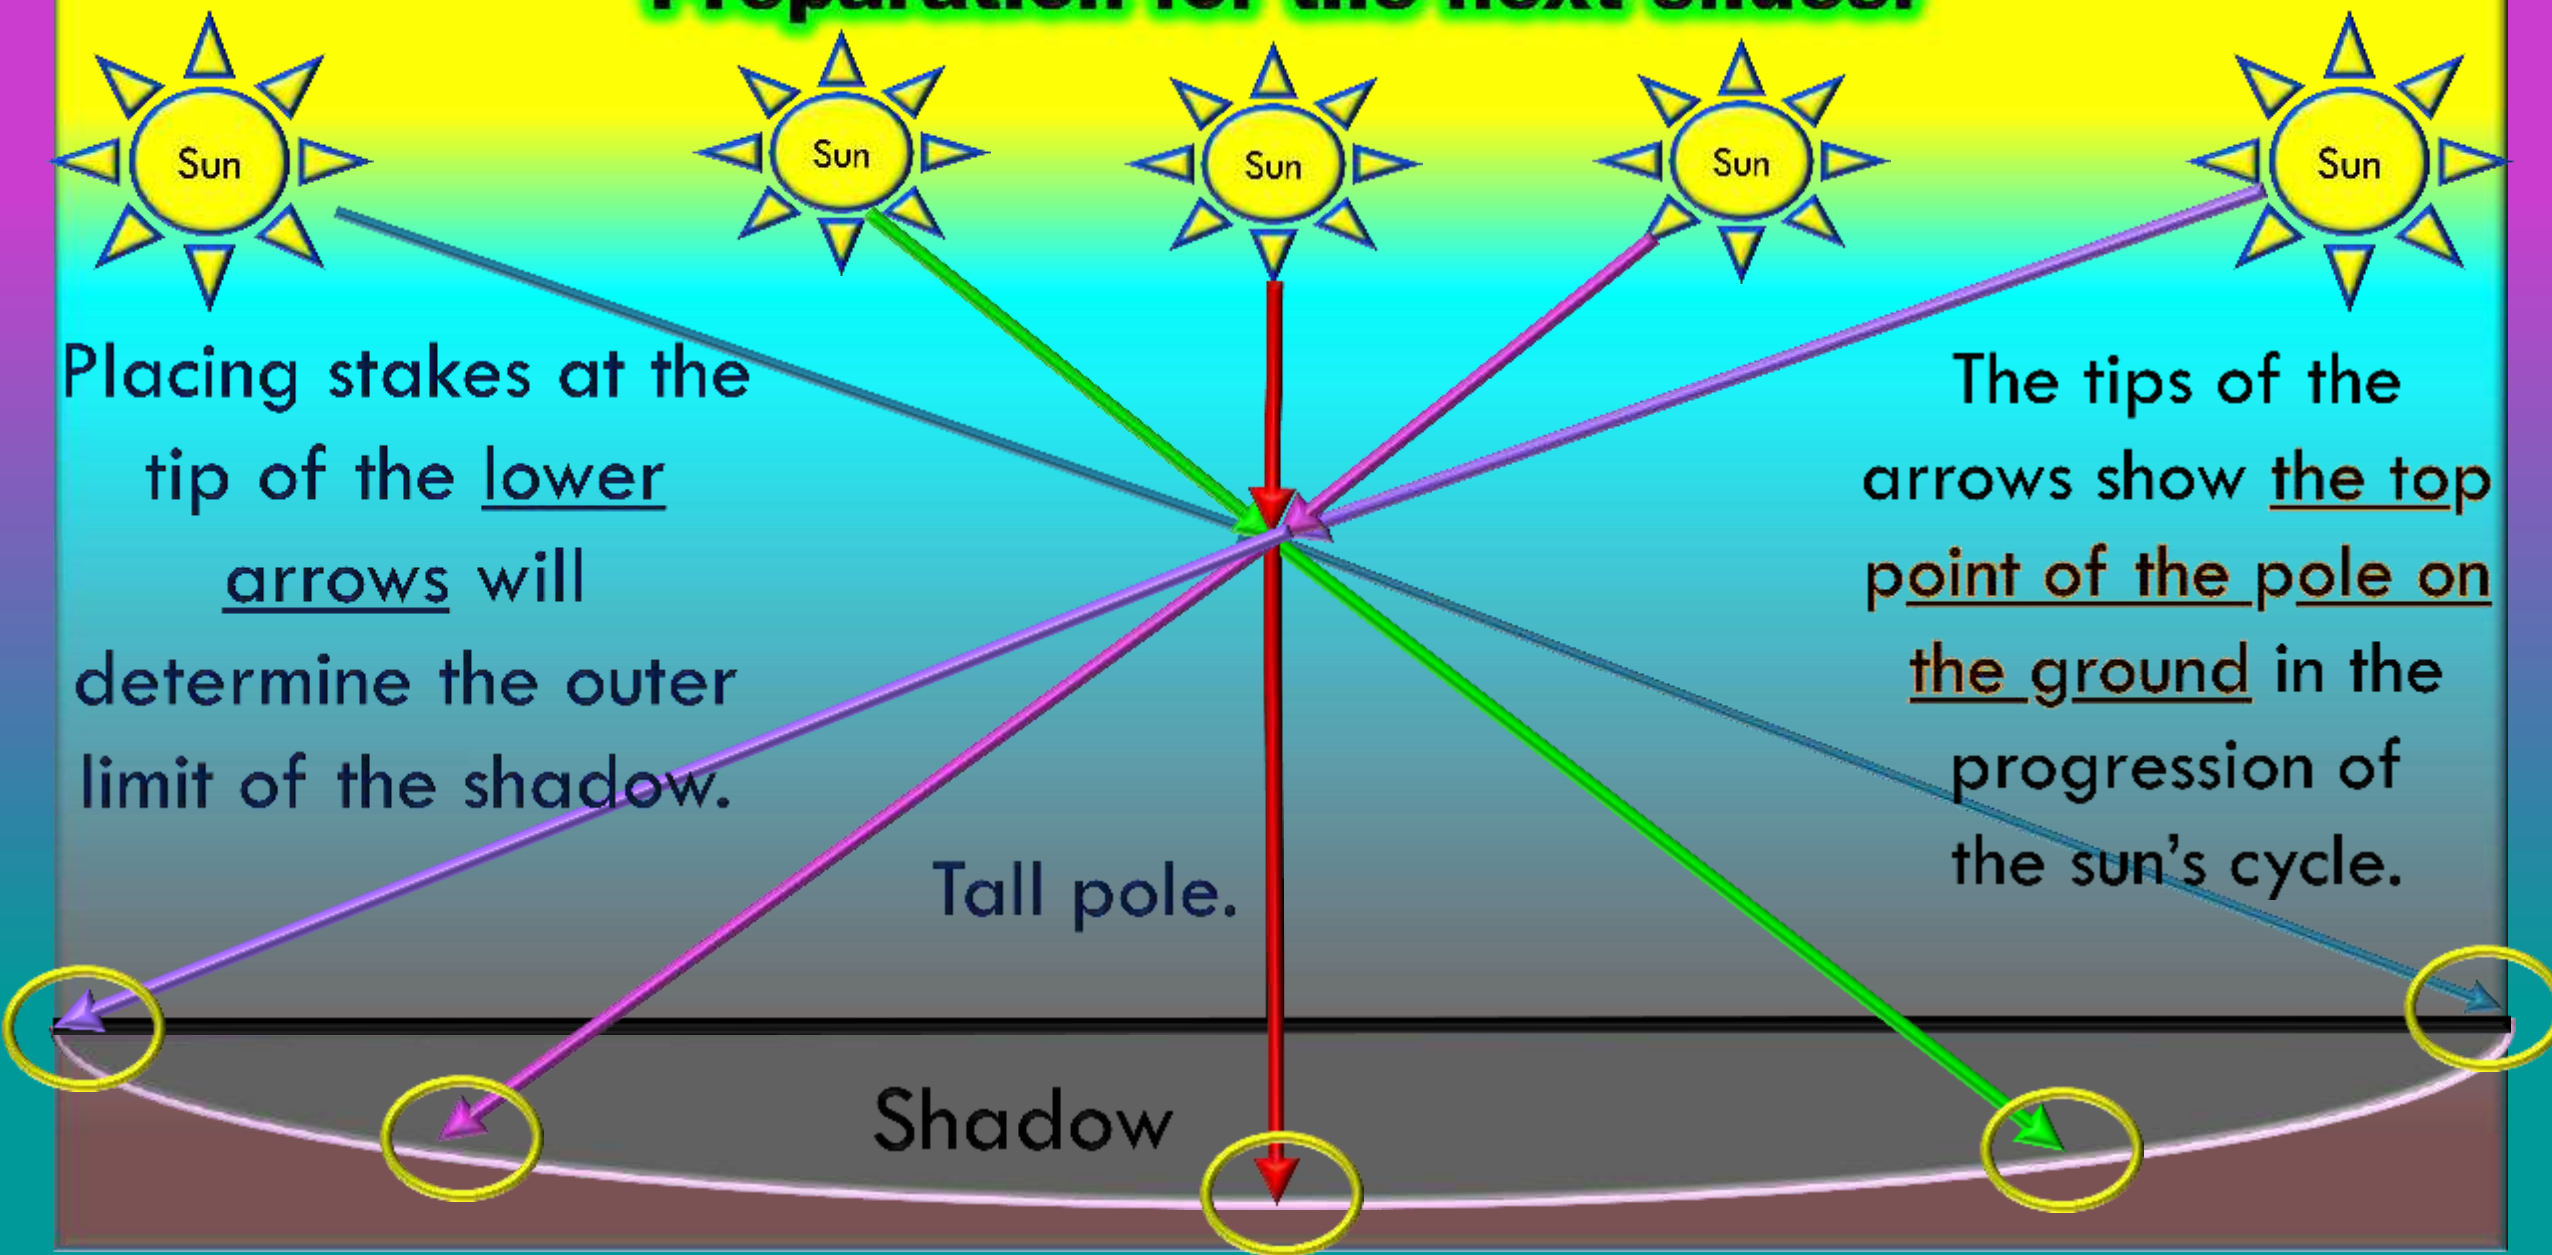

NO SHADOW OF TURNING!

When the **Tequfah** arrives, the shadow created by the **Light** from the sun shining on an upright marker makes a perfectly straight line!

On the Light Season, before and after the **Tequfah** Light Season, that same marker provides for a shadow tracing the path of an **ARC** across the landscape.

This **ARC** is specifically reflecting the path of the sun in the sky, from east to west.

Preparation for the next slides!

NEXT: *JAMES 1:17* –

***NO SHADOW
OF TURNING!***

A DEFINITE SHADOW OF TURNING!

→ Birds eye view of a vertical 5 meter pole.

The sun appears in the **East** on the mornings leading up to the **Tequfah** day.

Sun!

West

The shadow forms an ARC or a CURVED PATH:
it is a - **SHADOW OF TURNING** - via point to point
by the sun creating the **curved shadow**.

Ya'aqov 1:17
(James)

NO SHADOW OF TURNING!

G5157- Trope

Birds eye view of a vertical 5 meter pole.

The sun appears in the **East** at morning and begins the shadow on

THE LIGHT SEASON OF THE TEQUFAH.

Sun!

East

West

The shadow from the vertical pole does not deviate
any direction from a true line across the landscape!
It is a direct, perfectly straight line from point to point!
On a - *Tequfah* - Light Season, there is -

No Shadow of Turning!

A DEFINITE SHADOW OF TURNING!

Birds eye view of a vertical 5 meter pole.

The sun appears in the **East** on the mornings FOLLOWING the **Tequfah** day.

Sun!

West

The shadow forms an ARC or a CURVED PATH –
a - **SHADOW OF TURNING** - via point to point
by the sun making the shadow.

I am sorry but I am unable to make this shadow track correctly! ☹

Ya'aqov 1:17
(James)

No Shadow of Turning!

G5157- Trope

STRONG'S - G5157

τροπή tropé, trop-ay'; from an apparently primary τρέπω trépō to turn; **A TURN** ("TROPE"), i.e. **REVOLUTION** (figuratively, variation):—**TURNING.**

Thayers Greek Lexicon

ΤΡΟΠΗ, ΤΡΟΠῆς, ἡ (from ΤΡΕΠΩ TO TURN), **A TURNING: OF THE HEAVENLY BODIES,** James 1:17 (on this see ἀποσκίασμα); often so in the Greek writings from Homer and Hesiod down (see Liddell and Scott, under the word, 1); CF. Job 38:33; WIS. 7:18; Deuteronomy 33:14; (Sophocles' Lexicon, under the Word).

Job 38:31 Do you bind the bands of Kimah [Pleiades], or loosen the cords of Kesil [Orion]?

Job 38:32 Do you bring out the constellations [Mazzaroth] in its season? Or do you lead the bear [Arcturas] with its sons?

Job 38:33 **Do you know the LAWS OF THE HEAVENS?**

Or do you set

THEIR RULE OVER THE EARTH?

Jer 33:20 "Thus said יהוה [Yahuah], 'If you could break **My covenant with the day** and **My covenant with the night**, so that there be not day and night in their season ...

The **Assault** on Yahuah's Covenants

JER 33:20 “THUS SAID יהוה, ‘IF YOU COULD **BREAK**
MY COVENANT WITH THE DAY AND MY COVENANT
WITH THE NIGHT, **SO THAT THERE BE NOT**
DAY AND NIGHT IN THEIR SEASON,

When man declares the 24 hour
period to begin at sunset - ...

A Spiritual **DISCONNECT** is created!

Looking at - Deuteronomy 33:14

Deut 33:14 And for the precious H4022 fruits H8393 brought **forth** by the **sun**, H8121 and for the precious things H4022 **put forth** H1645 by the **moon**, H3391

Light? See Isaiah 13:10/Matt 24:29!

Note very clearly that there are *two types of calendar reckoning* identified within this verse. (#1) Thayer's Greek Lexicon referenced this verse specifying the word – **TROPE** {A TURNING.} **TROPE**, positively identifies the **Mazzaroth/Tequfah based Covenant Calendar** used by the **MelchiTzedek Patriarchs.**

This is exactly what is being brought to our attention here.

(#2) The lunar based calendar which is used for agricultural purposes is also positively identified.

SHANEH

BACK TO - H8141 -

SHANEH

SHANEH:

Let's look at the Hebrew "DNA" of the year
as outlined in the Scriptures {by Yahuah!!}.

SHANEH

A HEBREW LEXICON – BY J. PARKHURST
(1762 – USES NO MASORETIC VOWEL INFLUENCES) –

H8141 - **SHANEH**:

I. IN KAL, - **TO ITERATE, REPEAT, DO AGAIN, OR A SECOND TIME**
IN NIPH – **TO BE REPEATED**

II. AS A N. MASC. THE WORD IS FIRST APPLIED TO THE GRAND *ITERATION*
OF LIGHT AT THE FORMATION. (GEN 1:14)
ALSO ADVERBIALY, **SECONDLY, THE SECOND TIME.**

QUESTION: ***Does the moon sequentially repeat its pattern time after time
returning to the original place of commencement?***

Answer: ***No, it does not sequentially repeat its pattern, not even close.***

SHANEH

What **result** does **REPEATING A SECOND TIME** produce?

This is a set of 8 **SHANEH** years towards a Jubilee of 50!
Each one able to **repeat itself** in a perfect mirror like **duplication**.

Important! Once a Shaneh (year) has **repeated** itself a second time, there then is **TWO SHANEH (YEARS)**!

The Principle: Once they have duplicated, there is then an even # which is fully capable to be divided evenly!

There will be **no remainder number** left over!

A **SHANEH** (year) can only be a **SHANEH** (year) if it
REPEATS by mirror image –
A SECOND TIME!

A **SHANEH** (year) can only be a **SHANEH** (year) if it
REPEATS by mirror image –
A SECOND TIME!

Did that last slide have a mirror image?
Let's look at it again but a little more focused!

by mirror image

by mirror image

NO! THE HIGHLIGHT COLOUR IS DIFFERENT!

Is it possible that Ha Satan might be pulling the same tricks on us today?

A very subtle and **INSIDIOUS CONVOLUTION** of truth?

TRUTH - 30 day month. [29.5 day month!]

What occurs when a 13 month lunar year tries to enter every 3rd year?

SHANEH (12)

Repeats

SHANEH (12)

Repeats

(?)

LUNAR YEAR (13)

Hey!

Repeat?

What happened to the perfect REPLICATION pattern required by the Hebrew definitions? Lets view this one more time and NOTICE the Repeat vanish!

INHERENT WITHIN Yahuah's Shaneh year is the characteristic of **consecutive perpetual duplication!**

Without the opportunity to ***repeat itself***

IDENTICALLY a second time, the first yearly example simply cannot exist without the second fulfillment.

The 13 month lunar year attempts to repeat - SHANEH!

SHANEH

Repeats

SHANEH

Repeats

(?)

LUNAR YEAR (13)

Hey!

Consequences
of the Failure to
REPEAT A
SECOND TIME!

Repeat?

If the Shaneh year cannot repeat itself, time cannot exist!

TIME

YES!

Yahuah's Shانه Time
is inherently -
ETERNAL

Isaiah declares 7 times – The End from the Beginning!

Man's Lunar time "is always ready"
(John 7:6) through his calendar
manipulation and only exists in man's
contaminated imagination!

SHANEH –

REPEATING A SECOND TIME!

So where & from **WHOM** does this idea about
“*duplicating after one’s own kind*” originate?

Gen 1:11 And Elohim said, “Let the earth bring forth grass, the plant that yields seed, and the fruit tree that yields fruit **according to its kind**, whose seed is in itself, on the earth.” And it came to be so.

Gen 1:12 And the earth brought forth grass, the plant that yields seed **according to its kind**, and the tree that yields fruit, whose seed is in itself **according to its kind**, and Elohim saw that it was good.

Yahuah’s Eternal Duplication Pattern was applied at Creation!

Gen 1:21 And Elohim created great sea creatures and every living creature that moves, with which the waters teemed, **according to its kind**, and every winged bird **according to its kind**. And Elohim saw that it was good.

Gen 1:24 And Elohim said, “let the earth bring forth the living creature **according to its kind**: livestock and creeping creatures and beasts of the earth, **according to its kind**.” And it came to be so.

Gen 1:25 And Elohim made the beast of the earth **according to its kind**, livestock **according to its kind**, and all that creep on the earth **according to its kind**. And Elohim saw that it was good.

The Divine Pattern of **REPEATING AFTER ITSELF** was established at Creation.
The **Shaneh** year upholds and fulfills this replication pattern super effectively!

- *Has anyone noticed that Yahuah did not introduce a **rogue identity** which was different and/or separate from the previous ones?*

*Why then would **Yahuah** introduce at any point, a **13th month year** which is totally foreign, into His established Qodesh Pattern?*

SHANEH

On the next slide we are going to see a 20 year record of the dates when the Tequfah occurs.

You will notice ONE GREGORIAN DATE DIFFERENCE!

You will also receive the answer to why there is a one date discrepancy.

The question then is – Will the lunar year expose exact accuracy?

Solstices & Equinoxes for Calgary (Surrounding 10 Years)

[Vernal Equinox](#) | [Autumnal Equinox](#) | [March Equinox](#) | [September Equinox](#) | [Summer Solstice](#) | [Winter Solstice](#) | [June Solstice](#) | [December Solstice](#)

Year	March Equinox	June Solstice	September Equinox	December Solstice
2013	Mar 20 5:01		Sep 22	
2014	Mar 20		Sep 22	
2015	Mar 20		Sep 23	
2016	Mar 19		Sep 22	
2017	Mar 20		Sep 22	
2018	Mar 20		Sep 22	
2019	Mar 20		Sep 23	
2020	Mar 19		Sep 22	
2021	Mar 20		Sep 22	
2022	Mar 20		Sep 22	
2023	Mar 20 3:21		Sep 23	

Note how close the dates are. The single date discrepancy is directly related to the extra portion of a day over the 365 mark - i.e. 365.242199

Also note that Yahuah's 360 day calendar **from Creation** does not contain the uneven amount of time it now takes to fulfill Tequfah to Tequfah.

* All times are local time for Calgary. Dates are based on the [Gregorian calendar](#). Times adjusted for DST if applicable. Current year is highlighted.

YEARLY ACCURACY / REPETITION (??) BY THE MOON

Full Moon Dates

1999 – MAR	31	11 10 19 10 12 19
2000 – MAR	19	
2001 – MAR	9	
2002 – MAR	28	
2003 – MAR	18	
2004 – MAR	6	
2005 – MAR	25	

2006 – MAR	14	11 11 18 11 19 10 11
2007 – MAR	3	
2008 – MAR	21

2013 – MAR	27	19 11 11 19 11 18 11
2014 – MAR	16	
2015 – MAR	5	
2016 – MAR	23	
2017 – MAR	12	
2018 – MAR	31	
2019 – MAR	20	

Variance Days separating the years by the full moon nearest the Tequfah.

IS THIS THE TYPE OF **SHANEH {REPEATING}** YEARS
THAT ADAM LIVED – **ALL – 930 - OF THEM?**

1999 – MAR 31	2006 – MAR 14	11	2013 – MAR 27	19
2000 – MAR 19	2007 – MAR 3	11	2014 – MAR 16	11
2001 – MAR 9	2008 – MAR 21	18	2015 – MAR 5	11
2002 – MAR 28	2009 – MAR 10	11	2016 – MAR 23	19
2003 – MAR 18	2010 – MAR 29	19	2017 – MAR 12	11
2004 – MAR 6	2011 – MAR 19	10	2018 – MAR 31	18
2005 – MAR 25	2012 – MAR 8	11	2019 – MAR 20	11

Can the Hebrew definition
of – **REPEATING A**
SECOND TIME be applied
to **EACH** of these **LUNAR**
years - 930 times?

3,5,6,8,9,10,12,14,16,18,19,20,21,23,25,27,28,29,31.

These are the different Gregorian dates upon which the full moon occurred(s).
How can it be said that Adam lived 930 **SHANEH** years that were **REPEATING**
if he lived by this calendar which has a kaleidoscope style of timing?

A lunar based calendar simply does not, and cannot duplicate itself a second time.

The moniker applied to the moon – ***The Wanderer*** – is a very appropriate name describing the inherent characteristic of the lunar patterns.

On the other view, ***The Tequfah*** provides for an **extremely precise, accurate** and **duplicating pattern.**

SHANEH

H8141 -

Hebrew definitions fulfilled!

Strong's records H8141 **SHANEH**, as having the root word of H8138 **"SHANAH"** with the definitions of –
repeat, return, do the second time.

Question:

What inherent characteristic has caused the moon to receive the moniker –
"The Wanderer" for its reputation of being very undependable?

THE MOON'S (YEARLY) CIRCUIT IS FAR FROM A CIRCLE, because it does not return to its original place of commencement, hence the very erratic timing patterns.

The **ETYMOLOGICAL DICTIONARY OF THE HEBREW LANGUAGE** records H8141 **SHANEH** as;
change, period of changing seasons, **to repeat, do again.**

There will be

NO

COMPROMISE!

with paganism!

Good Reasons to Search for Truth

Isa 43:27 “Your first father sinned, **AND YOUR INTERPRETERS
HAVE TRANSGRESSED AGAINST ME.”**

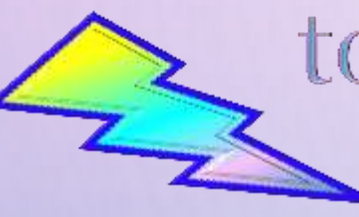

Luke 11:52 **Woe** to you learned in the Torah, **BECAUSE YOU TOOK
AWAY THE KEY TO KNOWLEDGE.** You did not
enter in yourselves, and those entering in you hindered.

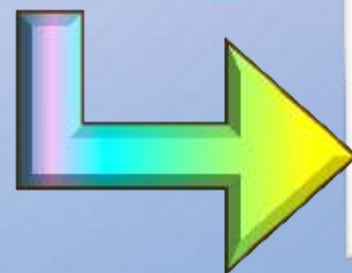

Luke 12:1, 2 ... Beware of the leaven of the Pharisees, which is
hypocrisy. **And whatever is concealed shall be revealed,
and whatever is hidden shall be known.**

Did Yahuah identify the
Tequfah based
Covenant Calendar on
the 4th cycle of Creation?

Genesis 1:14

And Elohim said, “Let **LIGHTS** come
to be in the expanse of the shamayim to
 **SEPARATE** the day from the night,
and let them be for signs and **APPOINTED**
TIMES and for days and for **YEARS.**

HalleluYah Scriptures.

And Elohim said, "Let **LIGHTS** come to be ...

Verse 16 tells us there were **TWO GREAT LIGHTS** created in the heavens (shamayim).

Man declares there are **THREE** lights!

1. The Sun

2. The Moon

3. The Stars

3

That by default positively indicates one of these points is an imposter! (One identity is a **FALSE LIGHT.**)

Which “**Light**” is the **GREATEST** in physical size at Night?

Is it the Moon which covers a miniscule portion of the sky, or is the Mazzaroth greater in that it spans the entire expanse of the heavens permanently?

The Mazzaroth!

Which **LIGHT** illuminates the complete heavens every Night Season, in every possible hour of darkness, 24/7 - 365?

The Mazzaroth!

Which celestial identity actually emits **LIGHT?** The Moon?

Mazzaroth!

The *Mazzaroth* is clearly the outstanding winner in a physical presence in the Shamayim (heavens).
What about a SPIRITUAL presence?

- The **M**azzaroth based **C**ovenant **C**alendar was identified in **Genesis 1:14** as, being the ultimate celestial Time Piece tool for orchestrating all eternity for **Yahuah's** people.

- In the Scriptures the Moon is first identified in Joseph's dream, approximately 1700 years after creation!
- **Q: If the moon is the celestial identity to determine the Qodesh Appointed Times, why did Yahuah wait (approx.) 1700 years to identify it by name?**

The *Mazzaroth* & the **Moon** - a **SPIRITUAL Light** presence?

- What **TYPE** of years did Adam live?
- **Genesis 5:4** And the days of Adam after he had begotten Seth were eight hundred **YEARS: H8141** and he begat sons and daughters:

- The Moon: Apparently by Scriptural documentation, Adam did not live out any lunar based years!

The *Mazzaroth* & the **Moon** - a SPIRITUAL Light presence?

- **The Mazzaroth!**
- Adam lived his years according to the H8141 **Shaneh** year that requires by Hebrew definition, **an even number of months that are divided equally!** Adam did not know of a remainder month left over!
- Yes that means no 13th month lunar **YEARS** in Adam's life! **PERIOD!**

That means the first 930 YEARS of creation were without a 13th month! 😊

Were there "follow up" Shaneh years?

The *Mazzaroth* is clearly the outstanding winner in a physical presence in the Shamayim (heavens).
What about a **SPIRITUAL** presence?

- Enoch lived 365 - H8141 Shaneh – **YEARS** (GEN 5:23).
- These years by Hebrew definition, **are divisible by another number WITHOUT A REMAINDER.**
- **Enoch walked with Yahuah!** (Gen 5:24)

• ~~Moon~~ -

Enoch lived out 365 years without a 13th month from the lunar calendar, ever happening once in his life!

The *Mazzaroth* & the **Moon** - a **SPIRITUAL Light** presence?

- The **M**azzaroth based **C**ovenant **C**alendar was identified in **Gen 7:11** as the type of **YEARS** that Noah obtained 600 years of life.
Gen 8:13 – H8141 – **SHANEH!**
Noah was a **MelchiTzedek** Priest!
- Noah's documentation of the flood account **solidly reflects the M/C.C. YEARS** through accurate accounting of a timeline during the flood!

The accounting
recorded in the
flood event
makes any lunar
calendar
affiliation an
absolute
impossibility.

What changes
(in terms of 'types of years')
did the flood bring forth?

Does Scripture account Yahuah's chosen
leaders – including MelchiTzedek priests –
as living under a lunar based calendar –
AFTER THE FLOOD?

Let's begin a chart of the lives of the patriarchs!

Adam 930 Shaneh Gen 5:5	Cainan 910 Shaneh Gen 5:14	Hanok 365 Shaneh Gen 5:24	Noah 950 Shaneh Gen 9:29	Shem 600 Shaneh Gen 11:11	Eber 464 Shaneh Gen11: 16,17	Serug 230 Shaneh Gen11: 22,23	Abraham 175 Shaneh Gen 25:7
Seth 912 Shaneh Gen 5:8	Mahalal'el 895 Shaneh Gen 5:17	Methushelah 969 Shaneh Gen 5:27	Arpakshad 438 Shaneh Gen11: 12-13	Peleg 239 Shaneh Gen11: 18,19	Nahor 148 Shaneh Gen11: 24,25	Yitshaq 180 Shaneh Gen 35:28	
Enosh 905 Shaneh Gen 5:11	Yered 962 Shaneh Gen 5:20	Lemek 777 Shaneh Gen 5:31	Shelah 433 Shaneh Gen11: 14,15	Re'u 239 Shaneh Gen11: 20,21	Terah 205 Shaneh Gen11: 26,32	Ya'aqob 147 Shaneh Gen 47:28	

This is
approximately
2300 SHANEH
(years) after
creation and
still **NO** sign
of a lunar
based year.

FLOOD!

Shaneh!

Did the flood bring about a yearly change?

Shem - Genesis 11:10 - 13

These are the generations of Shem: Shem was an hundred **YEARS** **H8141** old, and begat Arphaxad two **YEARS {SHANEH H8141}** **AFTER THE FLOOD.**

And Shem lived after he begat Arphaxad five hundred **YEARS,** **H8141** and begat sons and daughters.

And Arphaxad lived five and thirty **YEARS,** **H8141** and begat Salah:

And Arphaxad lived after he begat Salah **four hundred H8141** and three **YEARS,** **H8141** and begat sons and daughters.

Why does
Scripture not
record
precious lives
by **NON**
EQUALLY
DIVISIBLE
lunar years?

Note:

Why has the number 400 revealed an H8141 number when it does not indicate a direct connection to a specific year?

And Arphaxad lived after he begat Salah
four hundred H8141 and three YEARS, H8141...

Because that number is PERFECTLY DIVISIBLE by
another number without leaving a remainder of any kind!

Note:

The number

cannot, nor ever will be an

H8141 number! **NEVER!**

#13 - Is it - H8141? - Divisible Evenly?

$$/2 = 6 (+\underline{1} \text{ remainder!})$$

$$/3 = 4 (+\underline{1} \text{ remainder!})$$

$$/4 = 3 (+\underline{1} \text{ remainder!})$$

$$/5 = 2 (+\underline{3} \text{ remainder!})$$

$$/6 = 2 (+\underline{1} \text{ remainder!})$$

$$/7 = 1.857142857142...$$

Will the Scriptures ever reveal a lunar affiliated worship year?

- **Gen 21:5** And Abraham was an hundred **YEARS** H8141 old, when his son Isaac was born unto him.
- The **M/C.C.** was recorded as timing the very birth of Isaac, **the beginning of the Hebrew nation** – **Gen 17:21-** **Shaneh** - H8141.

Is Scripture purposely hiding the idea that Abraham was actually 133.3 years old?

100 years that contained an **EVEN** **NUMBER** of months!

Does that mean the Scriptures do not count the 33.3 years that might have contained a 13th lunar month?

Was the Birth of Isaac timed by a **Lunar** year?

Gen 18:1 – And **Yahuah** appeared to him (Abraham) by the terebinth trees of Mamre...

Gen 18:6-8 Abraham hurried to
↓
prepare cakes of **unleavened FINE**
flour (**wheat**), curds, milk and a
chosen sacrificed calf.

Might this look like Abib 14 to you? 😊

Gen 18:10 – And He [**Yahuah**] said
“I shall certainly return to you
according to the time of life, and
see, Sarah your wife is to have a
son! ...

The word “life” is H2416 **chai**.

The word “time” is H6256 **eth**.

Contextually and by definition
“eth” has the meaning of
- **a fit or proper time, an
opportunity, time (of an event).**

Birth of Isaac (The Hebrew nation) on a **Lunar** year?

- H2416 **chai** has definitions of-
LIVING, ALIVE

1. GREEN (OF VEGETATION)

2. FLOWING, FRESH (OF WATER)

3. LIVELY, ACTIVE (OF MAN)

4. REVIVING (OF THE SPRINGTIME)

Do these definitions align with the appearance of an Abib 14 **Appointed Time** observance by Abraham?

What did **Yahuah** proclaim next?

Gen 18:14 – Is any matter too hard for [Yahuah]? At the **appointed time** [H4150 **Mo-ed**] I am going to return to you, according to the **time** of **life**, and Sarah is to have a son.

Note: By **3** highly specific words –

1. **Mo-ed**

["appointed"]

2. **eth &**

["time of"]

3. **chai**

["life"]

Yahuah declared He would return at an extremely **qualified time!**

The *Mazzaroth* & the Moon - a SPIRITUAL LIGHT presence?

- Did Abraham live out **ANY lunar based years**? Years where the months cannot be divided evenly without there being a month left over? **(A 13th Month?)**
- **Gen 25:7** And these *are* the days of the **YEARS** H8141 of Abraham's life which he lived, an hundred threescore and fifteen H8141 **YEARS** H8141.

3 Witnesses to
Abraham's
{*Shaneh*} years
that can be
divided equally
without any
remainders left
over!

Abraham's Life - Years – are they **Divisible Evenly?**

- an hundred threescore and fifteen H8141 YEARS. H8141

175 YEARS ! - H8141- SHANEH?

$$175 \div 7 = 25$$

NO REMAINDER!

NO

Yitshaq & Ya'aqov?

Yes — Yitshaq (Isaac) lived — H8141 SHANEH YEARS !

Genesis 25:26 / 35:28

Ya'aqov (Jacob) lived according to **Yahuah's** H8141
SHANEH YEARS! Gen 47:28

INTERESTINGLY — Jacob waited for another **7**
H8141 SHANEH YEARS FOR RACHEL!

Clearly there was **no moon** leading Jacob's worship of **Yahuah!**

The Moon was first identified in Yoseph's Dream.

Did Yoseph's life consist of lunar years?

- **Gen 37:9** tells us that Yoseph dreamed a dream containing a moon.
- The **life** of Yoseph –
- **Gen 50:26**
- So Joseph died, *being* an hundred and ten **years** [H8141 *Shaneh*] old: and they embalmed him, and he was put in a coffin in Egypt.

- The context in **Gen 37:9** says nothing about looking to the moon for direction of times. Yoseph being a man of *Yahuah*, he **NEVER** lived out a 13th month nor looked to the moon to determine months, years or Appointed Times.
- A lunar based worship year did not exist for Yoseph!

Joseph dreamed about the moon in his celestial type dream. Yet the years that Joseph lived are recorded as **Shaneh** years. This factor shows that even though Joseph's dream contained a moon identity, it – the moon – had zero connection with timing **Yahuah's** worship year!

What about the **years** of famine detailed in Pharaoh's dream?

Gen 41:1

And it came to pass at the end of two full **years**, (H8141 Shaneh) that Pharaoh dreamed: and, behold, he stood by the river.

Gen 41:26

The seven good kine *are* seven **years**; (H8141 Shaneh) and the seven good ears *are* seven **years**: (H8141 Shaneh) the dream *is* one.

Even the years of the abundance and the famine are recorded as **Shaneh** years that would repeat a second time.

The *Wisdom* of Mitsrayim!

Gen 41:1 & Gen 41:26

Do you realize that these two verses have
full secular support as found in the
Mul-Apin Tablets?

12, “30 day months” & 360 cycles in ONE YEAR!

TEQUFAH TO TEQUFAH!

DAWN TO DAWN!

Shaneh!

Joseph's life is recorded in Shaneh years which not only duplicate by mirror image but always consecutively repeat.

Pharaoh's life is also recorded as containing Shaneh years which repeated a second time in succession.

Did Mitsrayim (Egypt) operate on a solar or lunar based economy?

For the answer we go to the *Mul Apin Tablets*.

Mul.Apin

These tablets expose that - yes indeed - the economy in Mitsrayim operated on a strict solar based year.

This type of solar based year contained - documented & dedicated 30 day months!

No more, no less.

The Lunar 29.5 day month had no place in Mitsrayim's economy.

Who was this Pharaoh and What was his Heritage?

When Joseph lived in Mitsrayim, what kind of Pharaoh ruled the land? Was he of a pagan heritage or did he worship our Creator at one time in his life?

The Westminster Dictionary of the Bible – pg. 329. The Pharaoh who welcomed them [Jacob and his family] was doubtless of the Hyksos dynasty, **and being himself a Semite**, was the more ready to welcome men of a race identical with his own. With this agrees the fact that the Israelites were settled around the Hyksos capital of Egypt in the “plain of Tanis” (Zoan, Ps. 78:12, 43). The King who knew not Joseph (Exo. 1:8) and who oppressed the Israelites represents a Pharaoh who reigned after the expulsion of the Hyksos.

The Hyksos Pharaoh was a **Semite!**

The Hyksos Pharaoh was a **Semite!**

A descendant of Shem!

Could this be one of the miracles of how Yoseph received great favour from the Pharaoh?

Are we beginning to see how Yahuah blessed the years of Yoseph and the Pharaoh which were both recorded in agreement with the **Shaneh** type of years?

OK! Let's prepare for Part #2 😊

Did **Yahuah** identify the Tequfah based year when He identified the first month of the year to Mosheh in **Exodus 12**?

IS IT TRUE that Ezekiel revealed a 13th month in the Scriptures?

*Coming on
Jan 18, 2019!*

• MAY YOUR NAME BE FOUND AMONG THE
NUMBERS **PERFORMING**

HIS COMMANDS. **REV 22:14**

• MAY YOUR BLESSINGS BE AS THE STARS.

The End
