TEQUFAH- FIRST? or LAST?

1. Is the Tequfah the FIRST cycle of the year?
What does Mosheh reveal?

2. What does the lunar calendar reveal about its own count?
3. What can we learn from “The Cloud”?

On THE FIRST CYCLE,
THE FIRST MONTH
THE 2ND YEAR, THEY -

DID WHAT?

This is one of those studies where it is good to ...

It just may be your key to knowledge & understanding.

What date is the Tequfah?

Is it the first day of the year? Or the last?

Let's look to Yahuah's LIGHT.

What did Mosheh reveal through the
Blood Ratified MelekTzedek Covenant?

Timeline From the YEAR of the Exodus

Where does the Tequfah belong?

New Year Cycle. The 4th cycle of the week, was the 1st cycle of the 1st month as seen in the Exodus account, (beginning with Exo 12).

... On the **tenth day** of this month each one of them is to take for himself a lamb ... Exo 12:3
 And you shall keep it **until the fourteenth day**

What profound revelation will the 2nd month reveal?

Before the sunset, Mosheh had declared to them – ... **See the deliverance of Yahuah TODAY ...**
Exo 14:13
 The Yisra'elites then crossed the Red Sea on the Preparation evening/night. **Exo 14:21, 22**

... and the sea returned to its usual flow, **at the break of day**, with the Mitsrites fleeing into it ... **Exo 14:27**

Thus Yahuah saved Yisra'el that **DAY** ... **Exo 14:30** (Abib 17 - Yowm is singular!)

The sunset failed to change the day!

The **15th** of the second month was a Preparation day.

What effect does this Scriptural revelation have upon the Lunar Sabbath calendar which DEMANDS EACH AND EVERY 2ND SABBATH OF THEIR MONTH, ALWAYS, & WITHOUT EXCEPTION, MUST FALL UPON THE 15TH OF EVERY MONTH?

Is there a conflict of calendar here?

Who is your authority?

Torah or the moon?

And it came to be that quails came up **THAT EVENING** and covered the camp ... **Exo 16:13(a)**

... and in the **morning** (Boqer) the dew lay all around the camp. **Exo 16:13(b)**
 And the layer of dew went up, and see, on the surface of the wilderness, was a small round substance, as fine as frost on the ground. **Exo 16:14**
 ... "What is it?" ... And Mosheh said to them, "It is the bread which Yahuah has given you to eat."
Exo 16:15

MANNA – Gather it **SIX** days, but on the seventh which is the Shabbat, there is none!
Exo 16:26

REPEATED SLIDE

The Command, was to gather manna for **SIX** cycles (days) **to achieve gathering the double portion on the Preparation!**

Unless 5 cycles of gathering had been accomplished first, the double portion on the Preparation could not be fulfilled. The Manna Week cannot start in mid week as some calendars (and some lunar ones) require.

Covenant Calendar achieves these timing appointments perfectly. These **Scriptural appointments** are how Covenant Calendar was realized (formed).

There are other calendars (lunar) which declare that the **15th** of this second month was a Shabbat, which **conflicts** with the Scripture's documentation!

For the Yisra'elites to be **fully tested** on their obedience, a complete 6 cycles of picking manna **MUST** have been fulfilled **before** the Shabbat could occur.

The Manna week is one of the **foundational pillars** within the **Covenant**.

It is also a **central stabilizing base** within the **Calendar** of Yahuah.

The **Covenant** will be agreed to 3 times by the Hebrew nation, before it is ratified in blood and sealed with the Covenant meal on the Mount!

Now -

“If they will walk in My Law or not.” ?

How could it be - Law? Mt Sinai and the receiving of the **Stone Tablets**, had not happened yet! The **Aharonic Priesthood** within the **Levitical** tribe was not even commissioned yet! How can the Torah **ALREADY** be the guideline of **Yahuah to test the Yisra'elites?**

What Law was there that existed before Mt Sinai?

In Exodus 18 we find that Mosheh was teaching the Hebrew nation.

What was it that Mosheh was teaching from?

Where was Mosheh receiving his instructions from?

Exo 18:16 “When they have a matter, they come to me,
and I rightly rule between one and another,
and make known the laws of Elohim and His Torot.”

(**statutes** H2706, and **Laws** H8451)

תורתיו
thurthi-u
H8451

Clearly, Mosheh knew about Yahuah’s Order of Righteousness
which existed long before creation.

It was these same statutes and laws that in a short time, Mosheh
would write down in the **Book of the Covenant** even **BEFORE**
receiving the **Tablets** from **Yahuah** on the Mount!

Please note: the **Book of the Law**, - the Aharonic Priesthood,
the Temple services and the substantial increase of
sacrifices with oblations, did not exist yet!

Tomorrow is a rest, a Shabbat Qodesh to Yahuah. That which ye bake, bake. That which you cook, cook ... **Exo 16:23**

And on the 6th day they gathered twice as much bread.

Exo 16:22

And they laid it up till morning as Mosheh commanded. And it did not stink and no worm was in it. And Mosheh said "Eat it **TODAY** for **TODAY** is a **SHABBAT** to Yahuah, today you do not find it in the field."

“Tomorrow is a rest, a Shabbat Qodesh to Yahuah.” The 22nd was NOT A LUNAR SHABBAT!

And Mosheh said “Eat it TODAY for TODAY is a SHABBAT to Yahuah, today you do not find it in the field.”

Exo 16:24-26

We might note with intensity that the Lunar Shabbat requirement of the 22nd is annihilated right here, by Mosheh’s decree!

And it came to be on the third day in the morning, that there were thunders and lightnings, and a thick cloud on the mountain. And the sound of a ram's horn very loud, and all the people who were in the camp trembled.
Exo 19:16

*Mosheh has received the MelekTzedek Order of Righteousness written on Tablets. With this Priesthood, shouldn't there be a meeting place from which to conduct this Covenant? Did Yahuah have a plan for the raising of the Tabernacle? Was there a **VALID REASON** to wait until a **SPECIFIC CYCLE** of the Year to lay out the foundation for setting up the Wilderness Tabernacle?*

Our answer will come near the end of this study.

Please note that the term Tent of Meeting from here on will be referencing the Wilderness Tabernacle. It will not be referencing Mosheh's meeting place where he instructed the people prior to Mt Sinai.

Recent teachings have surfaced that declare the Tabernacle was raised on a normal cycle of the week. The declaration is made that because the Tabernacle was raised (unacceptable **WORK** by man's standards) that it had to be a weekly cycle and that the Tequfah was on the very day it was raised. The reasoning given is that the Tequfah shadow was used to orientate the Tabernacle accurately. **Most certainly the Tequfah Shadow Light was used to orient the foundation of the Tabernacle. Let's look at it shall we?**

Exo 40:17 Thus was the Tabernacle reared vp the first day of the first moneth in the seconde yeere.

Geneva

**What physical reason
caused Yahuah to
command the Tent of
Meeting to be raised on
the 1st cycle of the
2nd year?**

**Why did Yahuah wait
until the year end to
PREPARE – {stake out
the foundation} - **for the
Tent of Meeting?****

Why was there only one highly
specific cycle of the Shaneh (year)
upon which the foundation for
the *Dwelling Place* could be
accurately oriented?

Gen 1:14

Could this factor tie in with the
TEQUFAH SHADOW LIGHT?

Would the Tequfah render **pertinent information**
for laying the Wilderness Tabernacle
FOUNDATION on the **last** cycle of the year?

Might the ***TEQUFAH shadow have corresponded***
appropriately on a PREPARATION
cycle - IMMEDIATELY BEFORE raising
the Tent of Meeting ?

Have we been noticing that **Yahuah** purposely organizes the Preparation days perfectly – being immediately before **VERY IMPORTANT EVENTS?**

Is there a Preparation lesson to be learned here?

On this PREPARATION, Mosheh staked out the measurements on the ground according to the Shadow Light for proper Tent of Meeting orientation.

AMAZING!

EXPECTED!

The importance of orienting the Dwelling Place accurately is clearly understood from Solomon's Temple. The orientation was specifically to determine the cycle of the Tequfah.

The Light of the sun on the Tequfah cycle, was to enter into the Qodesh Place.

We understand this from Solomon's Temple with the two entrance pillars of Yakin and Boaz.

Yahuah's Work: Raise the Tent of Meeting, on His Premier Mo-ed!

REPEATED SLIDE

Mosheh was not on a knee jerk scramble to raise the Tabernacle as the Shadow event WAS OCCURRING!!

Yahuah is ALL ABOUT PREPARATION! Mosheh *PREPARED THE FOUNDATION* according to the Tequfah Shadow.

Next cycle, the Shabbat, Mosheh was fully prepared and acted with precision on the plans made the previous cycle, **ON THE TEQUFAH!**

Exo 40:2 “On the first day of the first month, you are to **raise up** the Dwelling Place of the **Tent of Meeting**.

Exo 40:16 And Mosheh did according to all that יהוה had commanded him, so he did.

Exo 40:17 And it came to be in the first month of the second year, on the **first day of the month**, that the Dwelling Place was raised up.

You might say, this one example does not prove anything because the Scriptures demand two or three witnesses - at the least!

Be certain that there are **multiple Tequfah witnesses** coming very soon! 😊

Meanwhile, let's continue our search to see what else happens in the 2nd year.

We have highlighted one
sledge hammer effect to the
Lunar Shabbat calendar (Slides 18 & 19).

Would it be interesting
to view another?

Look! Shabbat on the 15th, 22nd, and 29th exactly as the Lunar Shabbat Calendar requires! Can we expect the same FIXED MO-EDIM next month - as the Lunar Shabbat requirement demands?

Yahuah declares of His Patterns –
 “... I shall not change ...”
 (Mal 3:6)
 Will Yahuah’s Pattern change with the Shabbat next month?

LUNAR REQUIREMENT! !!!!!!!

Is it possible that the **FIXED LUNAR SHABBAT REQUIREMENT** did not originate from Yahuah?

Count on it!

Where are the sequential

27th!

conjunction

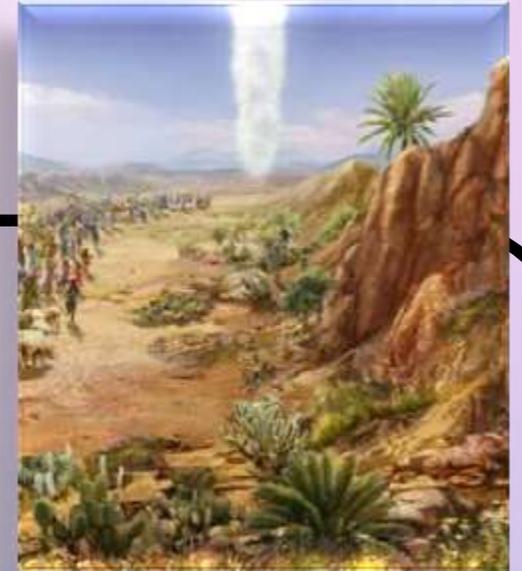

*Moving forward with a
"lunar look" from - a
Numbers 10 study about -
Yahuah's Cloud!*

Function of the Cloud

Num 9:19 Even when the cloud lingered many days above the Dwelling Place, the children of Yisra'el guarded the Charge of יהוה, and did not depart.

Num 9:20 And so it was, when the cloud was above the Dwelling Place a few days: according to the command of יהוה they camped, and according to the command of יהוה they would depart.

Num 9:21 And so it was, when the cloud dwelt only from evening until morning: when the cloud was taken up in the morning, then they departed. Whether by day or by night, whenever the cloud was taken up, they departed.

The Shabbat of Yahuah

The Shabbat of Yahuah requires a **REST**
from our servile work processes.

We have just learned that on Yahuah's Shabbat, we can preform the work of Righteousness as Yahuah so commands us.

Did Yahuah also have the Yisra'elite nation **travel** on the Shabbat, **looking for a resting place?**

The Three Cycle Journey

Num 10:33 So they set out from the mountain of יהוה [Yahuah] on a **journey of three days**. And the ark of the covenant of יהוה [Yahuah] went before them for the **three days' journey**, to seek out a resting place for them.

Will this very specific **three cycle journey** support
the lunar Shabbat calendar?

Or will the lunar system **AGAIN** be exposed as a false doctrine?

Not a **FIXED** Shabbat according to Yahuah!

Month #2 Year 2

- The three cycles of travel included the 21st, **22nd**, and 23rd cycles of the month.
- They were already in a resting place, and Yahuah wanted them to find another resting place. This was an exercise in obedience.
- Would Yahuah then have them travel on the 7th day Sabbath, looking for a resting place when they already had one?
- Is it possible that the **22nd** of this month was not **Yahuah's Shabbat**?
- **What impact does this have on the Lunar Shabbat calendar?**

The first cycle of the second year, was a Shabbat.

The command was to raise up the **Dwelling Place of Yahuah.**

Thus they carried out the command of Righteousness.

Here, in the wilderness, the cloud lifted and the nation of Yisra'el had to pack up their belongings, burden their pack animals and pack up the Tent of Appointment. Woman, children and men had to walk three days with their personal burdens, and move their livestock, to find another resting place!

Was moving their personal residences an **act of righteousness** on the 22nd – on a supposed **Lunar** Shabbat?

Where do we find a written example of the Hebrew nation travelling on a Shabbat?

The End

DON'T LET TRADITION "BOX" YOU IN!

May Yahuah bless you greatly
with wisdom, peace
and courage.

Shalom!
