

Great events are soon to be upon everyone living on this planet. For those reading the Scriptures, time prophecies are just pounding on us! Time is short, - great events are soon to happen on our watch. Ponder on the following information.

Biblical timelines are meant to alert us of where we are in the stream of time – when this world is coming to the end of its age, just as a garment waxes old and is worn out. The Biblical timelines for the “end of time” are literal time! That means “one Biblical year” is really going to be “one Literal year” on this earth. But is this “literal year” actually 365.25 days long?

In the beginning, and up to about 700 BC, the Biblical year was only 360 days long. This is well documented in the Bible along with records of over 30 ancient pagan civilizations. Isaiah tells us 7 times we can know the “end from the beginning.” Here is one verse - Isa 46:9-10. In order for the 3 literal timelines of Daniel 12 (1260, 1290 & 1335 days), and the timelines of Revelation to run their full course properly **the calendar (or the year count) must go back to Creation’s original 360 days! Why? Because these timelines (specifically the 1260 & 1290) will not (and cannot) have proper fulfillment unless the year is returned to the original design. AND ... IT IS COMING!!**

Ponder this counsel from King David: **Psalms 90:12** ... *So teach us to number our days, that we may apply our hearts unto wisdom.*

Are you watching the shadow that brings in the end of the Biblical year so you can count your days and **apply your heart** to wisdom (Ps 90:12)? Wow!

The Dan 12 & Rev 11-12 & 13 end time timelines can only begin to run when this earth’s year count returns to 360 days. How will this happen? Will the sun’s shadow move forwards [shortening the year] just like the shadow went backwards in 700 BC – lengthening the year? Or, will this “shortening” happen slowly one year at a time? How long do we have to wait and see? The great documentation of this event happening all over the world is first found in King Hezekiah’s miracle – and – **recorded 3 times in the Scriptures** as a MAJOR WITNESS!! Do note: calendar must return to the way it was in the beginning.

Look and see!! Isaiah 38:8; 2 Kings 20:9-11; & 2 Chron32:24 ...

“Behold, I will bring again the shadow of the degrees, which is gone down in the sun dial of Ahaz, ten degrees backward. So the sun returned ten degrees, by which degrees it was gone down.” This is something to take note of! When studying timelines, a “time” = “1 year”- “times” = “2 years” and” half a time” = ½ a year. The popular timeline of 1260 days in Dan 12:7 is finally explained 5 more times between Rev 11, 12 & 13. In Revelation, this timeline [describing the length of time the Bride has to bring in the final harvest for God’s kingdom] can also be designated as: (1) one thousand two hundred threescore days; (2) a time, times and half a time; and (3) 42 months. Not one of these “1260” applications can be properly explained [or understood] on a calendar with 365+ days/year. ONLY a 360 day-year can perfectly contain & explain exactly 1260 days in 42 months (of 30 days each) as so well documented in Genesis & Exodus. (See the Genesis flood account in chapters 7 and 8.)

Time to do some math! The ‘1260’ time prophecies in Revelation can no longer apply to a symbolic timeline being interpreted to a “literal 1260 years”! Time is quickly running out folks!

Look and See ... Look and See!!

Look and See ... **Look and See!!**

Continued from front page ...

From the beginning of Creation this world was on a yearly 360-day count. However, when the sun went back 10 degrees, (through three Scriptural witnesses – not just two), the year was lengthened. Remember, there were 30 ancient pagan civilizations trying to figure out what happened to their 360 days/year.

This proclamation is not “off the wall” as some may think!

There was a good very reason why our Father moved the sun back, another rabbit trail that needs to be explored soon! The times are changing. Everyone can be watching the movement of the shadow several days before the vernal equinox occurs – the “day” that has a perfectly straight shadow which will indicate the end of the old Biblical festal year. One of these years the count – from equinox to equinox – will be only 360 days instead of 365+ days. Who will take note of such a huge change? Will the decrease to 360 days happen in one day or will it happen over a period of a few years? We must wait and - watch for the shadow.

There is a warning in **Dan 7:25** *“And he shall speak great words against the most High, and shall wear out the saints of the most High, and think to change times and laws.”* *“Times” is what this bulletin is addressing. The papacy has really done a number on the calendar, folks! Easter for Passover; Halloween instead of Day of Atonement and so on. Even Xmass is a counterfeit. When the Father returns this earth to a 360 day year, do you think the Papacy will boast that the supremacy of Mary and the church had the power to perform such a miracle? The Scriptures warn us of the deceptions of Rome – especially anything to do with God’s true calendar and worship times as outlined in the Scriptures. Time comes from our Creator - not from the created! **SO COUNT AND WATCH FOR THAT SHADOW.** Each one can be forewarned of what is coming.*

James 1:17 Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, **neither shadow of turning.**

Who will be the Watchman on the Wall?!

Friends, year length as we know it today will soon change. “NO SHADOW OF TURNING” has Scriptural reference to the vernal equinox day. There are four Scripture witnesses for the end of the year/completion of the sun’s circuit in the heavens ... to be found in Exodus 34:22; 1 Samuel 1:20; 2 Chron 24:23; and Psalm 19:6 (a favorite verse); in Hebrew (H8622: Tek-OO-Fah).

The shadow is the marker we must all watch for. On the day of the equinox the shadow is a perfectly straight line from west to east. Therefore, the day after the vernal equinox is always the first day of the new year – on God’s calendar!

Step into the **LIGHT!**
It's progressing more
and more unto the
perfect day, and soon
our days will be
perfect. That means
“A NEW HEAVEN and
A NEW EARTH.”
