The
Detailed
Edition!

Part 2 of 2

Is CE 30 the Year of Yahusha's Crucifixion?

Let's Dig Deep
in Part #2

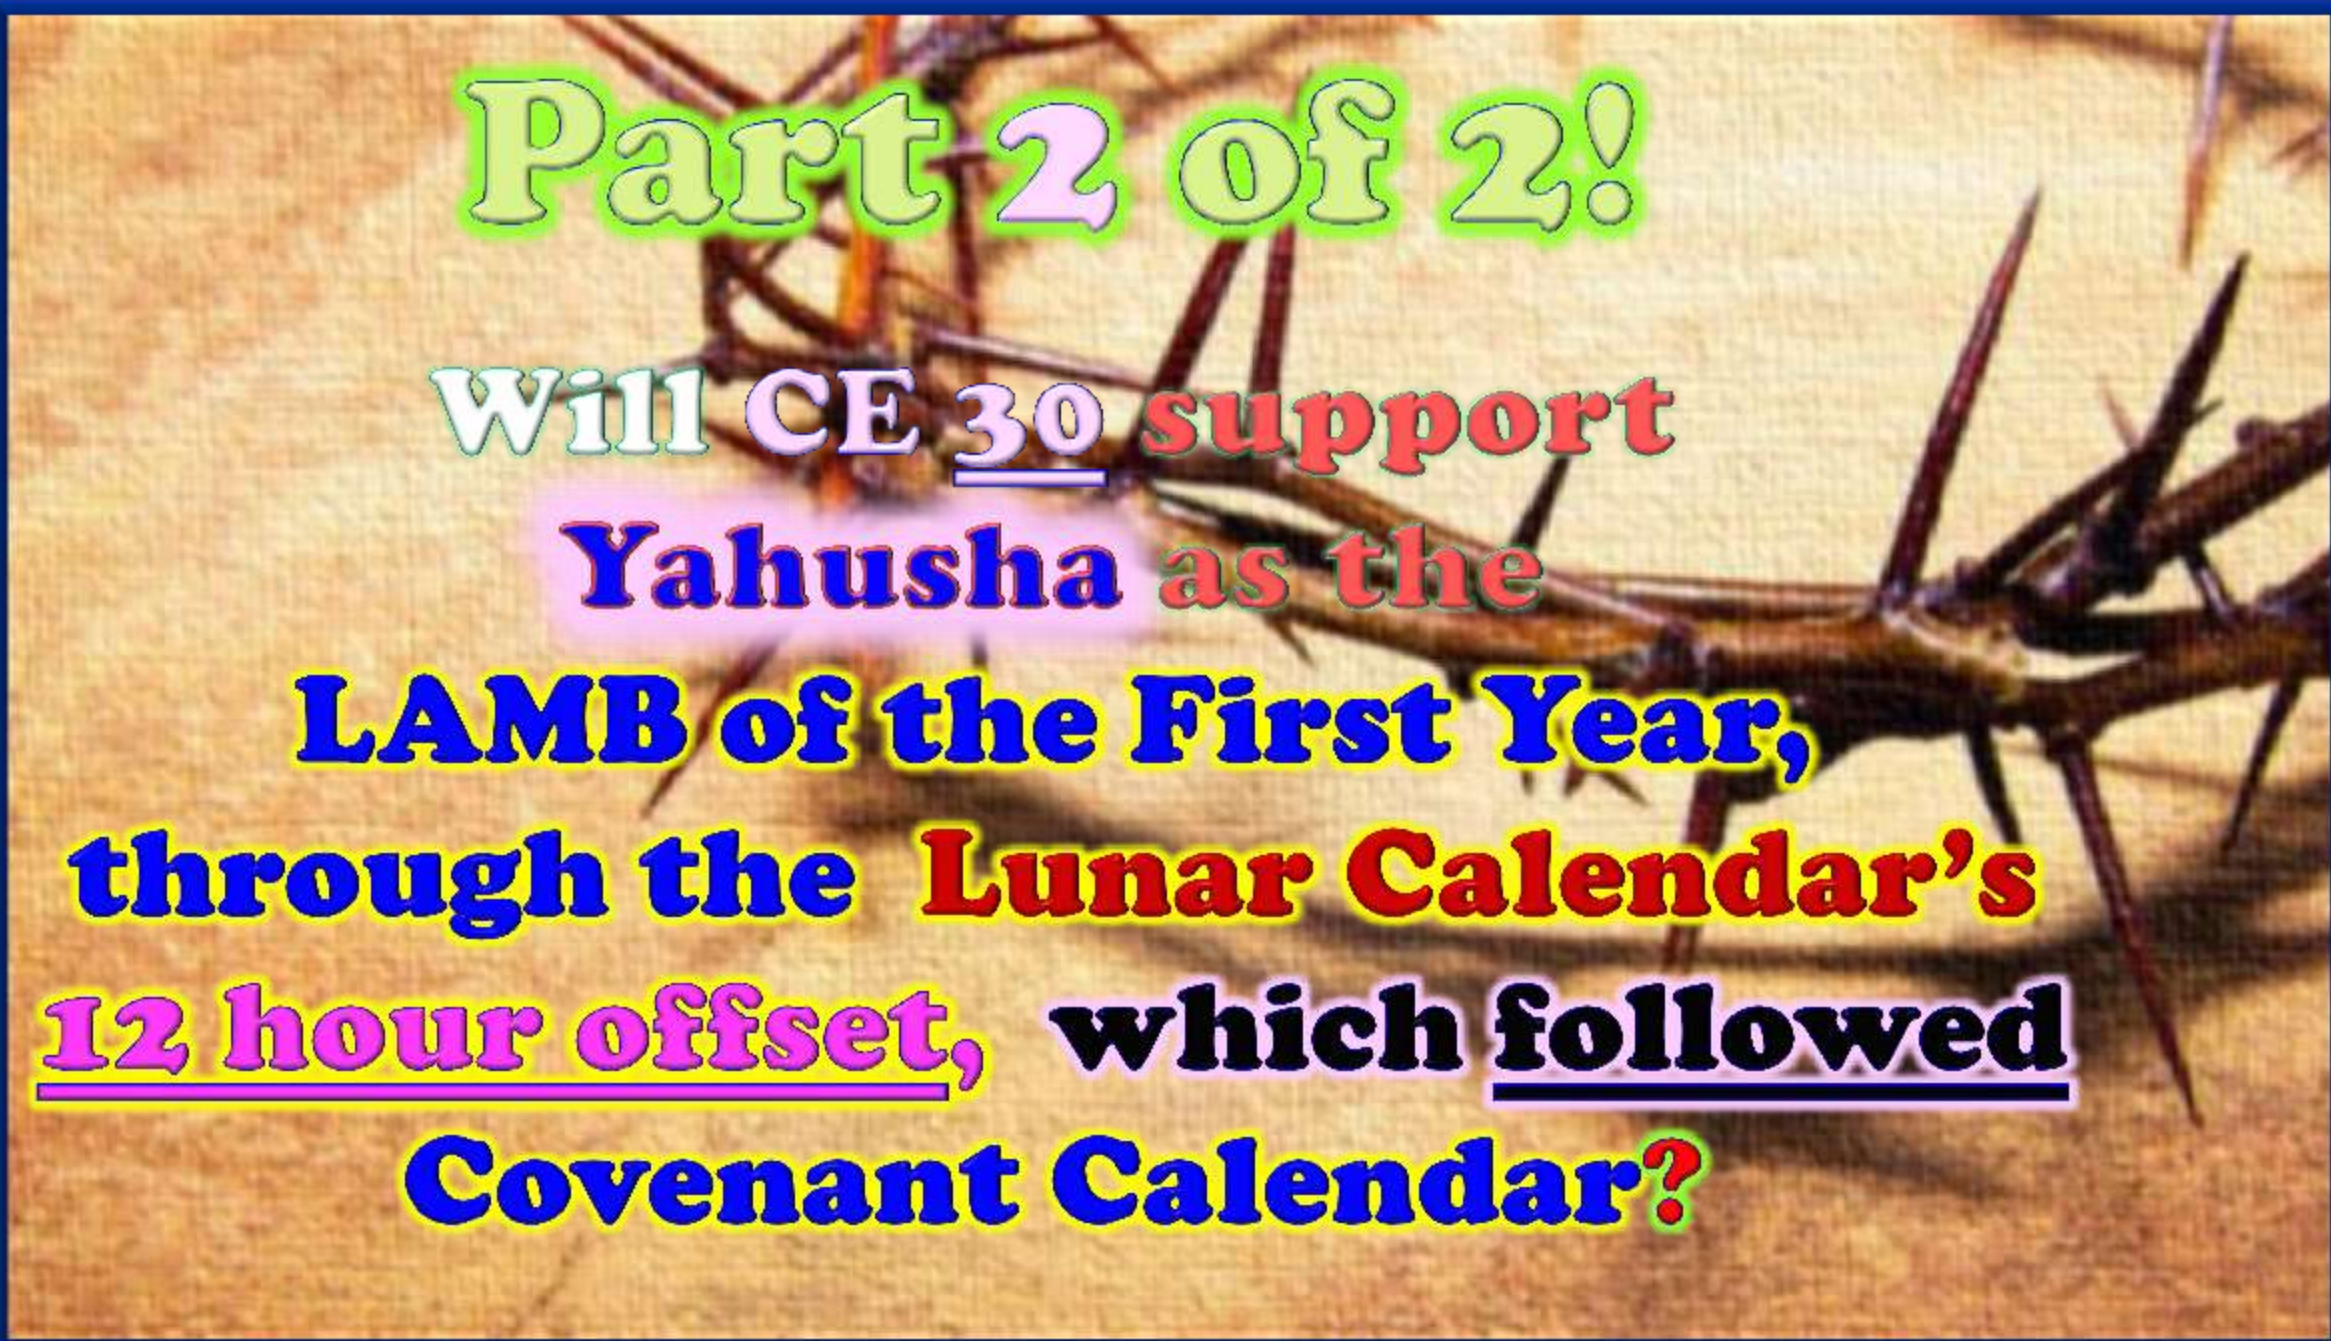

Will CE 30 underscore the Crucifixion's Uniqueness through both their **Blueprints?**

First and Foremost –

This study is about establishing Torah and directly elevating **Yahusha, The Word** John 1:1-4, Who exemplified His perfect fulfillment of the Covenant.

The focus is to determine the correct year of the crucifixion and therefore by default, identify from whom and more important, FROM WHAT SOURCE one receives their belief structure.

This study is **ALL ABOUT DIRECTING US
BACK TO THE TORAH.**

Part 2 of 2!

Will CE 30 support

Yahusha as the

LAMB of the First Year,

through the Lunar Calendar's

12 hour offset, which followed

Covenant Calendar?

- ▶ This study is a MAJOR lesson in the importance of **Genesis 1 and Malachi 4:4**.

Hold on!

Is this study not about the Crucifixion?

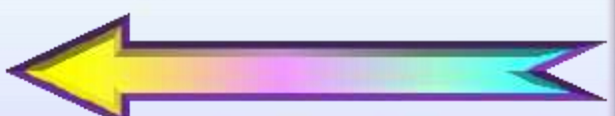

And now a reference to **Genesis & Malachi?**

- ▶ Remember the Torah ... Mal 4:4

Without *Dawn to Dawn as explained starting with*

Genesis 1, correctly understanding the crucifixion timing would be **impossible** to

accomplish while amalgamating these next points -

- Abib 13 evening - Last Supper with the disciples.
- A Midst of the Week (Wed) **Abib 14 Crucifixion**
 (Daniel's prophecy) (**combined with**) 
- **Matthew** and **John's** **WRITTEN** 12 hour Festal offset.
- The **Lunar** calendar of the unbelieving Jews &
- **"NOT AT THE FEAST"** (**No crucifixion**) - (scribes & Pharisees)
- The **4** types of – Preparation – representation:
2 Calendar, 1 Burial, 1 Spice
- 3 days and 3 nights **Sign** fulfillment.
- **1st cycle at twilight** - **"I am ascending to My Father"**
 (the **Eh-tzem, Firstfruit** fulfillment)

**The 1st
Ascension!**

OK! Let's -
open CE 30!

Calendar for Year 30 (Israel)

Why did Yahuah inspire
Genesis 1:1-13 to be at
the very beginning?

Will CE 30
align with -

*Matt 26:5 &
John 19:42*

Yahusha's
Set-Apart
Mo-edim

Could Dawn to Dawn be a
Spiritual Cornerstone?
Could it be one of the KEYS to
UNDERSTANDING?

Why did Yahusha instruct us of the Dawn to Dawn start to
The Way, - at the very beginning of the Scriptures?

Could Yahusha's commissioning of Light to the sun in the
midst of the week (creation) be a prophetic marker for the
Son's Crucifixion – slain from the foundation of the earth?

Is it possible to precisely determine the year of the Crucifixion
without understanding the Dawn Day commencement?

Exo 10:23 They did not see
one another, nor did anyone rise from
his place for three days, while
all the children of Yisra'el had
LIGHT in their dwellings.

Physical Pattern - *3 cycles of DARKNESS?!*
*Yahusha's retreat into the darkness of death for 3 complete
cycles is a very significant factor that gives us **LIGHT!***
*Yahusha, even in death, **SUPPLIED LIGHT TO HIS PEOPLE!***

Eph 5:8 For you were once darkness,
but now *you are* **light** in the Master.

Walk as children of light.

See also - 2:2, 4:18, Col. 3:7.

Tequfah

1 Th 5:5 For you are all sons of **LIGHT** and sons of the **DAY**. We are **NOT** of the night nor of darkness.

Let's consider the command to **WALK IN LIGHT**, and use Yahuah's (Shadow) Light as a plumb line, to search out the year of the crucifixion with Yahuah's intentional **EXTREME ACCURACY** cemented within the Scriptures!

Up to this point - in Part 1, we have seen the **IMPOSSIBILITY** of finding the *crucifixion's Scriptural 4th cycle & the 12 hour offset* in the CE years 26 – 29 and 31-34.

In these years, it really is - **a dead end search!**
Even when we looked at the idea of the Tequfah being the 1st cycle of the year, there has thus far, been a FULL AND COMPLETE FAILURE.

Moving forward we will examine CE 30, searching for a 4th cycle Crucifixion possibility, **COMBINED WITH**, the **Scriptural 12 hour offset** between these two Calendars: **Covenant Calendar and the Lunar Calendar.**

Prior to investigating CE 30 we must recall - Yahusha was age 12 **going into** CE 12 so He could fulfill the **Word of Yahuah, being - IN THE TABERNACLE, observing the High Shabbat of Unleavened Bread** (Luke 2).

By this and the documentation concerning the birth, and the age of John, we know **Yahusha was CONCEIVED** in Covenant Calendar's 9th month (Dec) BC 2.

Yahusha **completed** His first year (12th Gregorian month) in **CC 9th month** (Dec) just **prior to** CE 1.

For a comprehensive look at this, please examine the study,
#3.5 Yahusha's Birth Year, CE 12 and Death Timing,
Video link:

<https://studythecalendar.com/4-9-yahusha-lost-and-found/>

Points to consider thus far:

1. Based on Torah's Covenant Calendar - there has been a **complete absence** of a 4th cycle Abib 14 in the years CE 26 - 29 & 31 - 34.
 2. The **Lunar faux pas** Abib 14, 4th cycles we have seen, have **ZERO CAPABILITY of aligning** with the **12 hour Calendar offset** as written in Scripture.
- What will **CE 30** deliver? Will there be –
 - **A 4th Cycle Abib 14?** And will it provide for –
 - A **Lunar** 12 hour **Offset Connection** with **Covenant Calendar?**

Will CE 30
align with the
Word of Yahuah?

Mar 23 – Roman Reckoning

Has it occurred to you that without Dawn to Dawn,
from CE 26 – 34, there is a complete and total void of
a FULL 4th cycle Abib 14 in Covenant Calendar? Will
we continue to wonder why Yahuah established
Dawn to Dawn in the first 13 verses of Scripture?

Remember ye the Torah ... Mal 4:4. There is a reason for these words!

Including Part #1, - You have just witnessed -
without Dawn to Dawn, that there is a full and
complete absence of a 4th cycle Crucifixion in
the years CE 26 – 34, using man's calculations!

**THAT RESULT DOES NOT ALIGN
WITH SCRIPTURE!**

No **Dawn to Dawn** –
No Midst of the Week Prophetic fulfillment!

Who's Covenant has just been DISCARDED ?

Jer 33:20 reminds us - Yahuah's Genesis 1 **Covenant** of the **Light** Season leads the Night Season, and **Boqer (Dawn)** is the catalyst point which exchanges the cycles of the week.

How is it that Scripture **brilliantly** reveals a 12 hour offset connection from the Calendar of **Yahuah's Covenant**,
to the **Lunar abomination** (Isa 1:12-16),
doctrine of the **unbelieving** Jews
on this HIGHLY PARTICULAR Pesach (Passover)?

In **CE 30**, the time frame of the conjunction is said to prohibit

On another note: In the minds of the leading Jews of the time, **Yahusha** was considered an arch enemy. They knew full well of the Covenant Calendar which **Yahusha** was observing.

Yahusha, in life **AND DEATH**, lived out His Covenant!

John 7:7 “It is impossible for the world to hate you, but it hates Me because **I bear witness** of it, that its works are wicked.

The Jewish leaders knew the exact date of Abib 14 in Yahuah's Covenant. **Yahusha made certain it was not a secret** (John 7:7).

Consider the **very extensive documentation** of how the 2nd Temple era leadership changed the DATES of the Festivals. ALL OF THEM! Many times over, back and forth, splitting and reconnecting Passover to the Festival of Unleavened Bread!

John brings this wicked variableness into the spot light.

John 7:6 Then G3767 [Yahusha] G2424 said G3004 unto them, G846 My G1699 time G2540 is G3918 → not yet G3768 come: G3918 but G1161 **your** G5212 **time** G2540 is G2076 alway G3842 **ready.** G2092

ADJUSTMENTS
to HIS FESTAL
CALENDAR!
(John 7:6)
Could it have
happened
AGAIN - at His
Passover?

The Jews were not only changing the Festival characteristics but most importantly, changing the **DATES OF EACH** - **numerous times**.

At this point the question becomes:

*Could there be a more effective way to **morally** assassinate the character of **Yahusha**, and **HIS WITNESS**, to – the **CALENDAR** of the **COVENANT**, than to crucify Him – (in the eyes of the already deceived)?*

What more powerful damage could there be than to -

- ❖ Publically and physically destroy **Yahusha's** life,
- ❖ On the day **BEFORE** the **PUBLICALLY ACCEPTED** Jewish Festival,
- ❖ And then observe **their** Passover **AFTER** **His** death?

Consider the SPIRITUAL ASSASSINATION IMPACT of crucifying Yahusha PRIOR to the *deceived believer's* Lunar Passover festival!

Yahusha was crucified in the
Light Season **prior to sunset and**
their Jewish feast of Passover.

Sunset

Or - **Spiritual**

How **effective** was this **moral**
character assassination?

Lunar Abib **13** **PRIOR TO THEIR Festival**

Lunar Abib 14 begun **AFTER SUNSET!**

Could this event have **falsely**
confirmed in the people's
deluded minds, that **Yahusha**
was JUST A USELESS CRIMINAL?

Would the average temple
believer have entertained
that **Yahusha was & is**
THE MASHIACH, even
for a fleeting second?

How easy was it for them to overlook the **SPIRITUAL PURPOSE** of our **Saviour?**

Yahusha was crucified **BEFORE** the Lunar based Passover which the deceived people understood as Scriptural truth! Their deception, brought on by the lunar system, had removed proper understanding of the **Torah!**

Is it possible that – **YET AGAIN** the Festival of the Jews timing was **manipulated** to immediately follow - 12 hours later - the Dawn start to the Passover of the Covenant?
Was this their signature protest against Yahusha and Torah?

Could the Jewish leadership have considered their 12 hour offset Festival timing to be an “**effective slam**” to the Dawn start of the Festival, which they so adamantly opposed?

When examining the phases of the moon in CE 30 on different charts, there is very little agreement between them. Only confusing claims of phases of the moon is portrayed.

It is brutally difficult, as in next to impossible, to determine the accurate time of the spotted crescent moon, by reason of great differences in documentation in the lunar charts.

Let's look at the declared timing of the Tequfah.
The **Tequfah** is reckoned at **3:40 AM**.
This is over three hours different than other charts!
Another calendar chart declares Mar **22**,
this one - Mar **23**!

Scenario #2.

Shall we consider that the sliver moon
was possibly obscured by cloud
and was never even spotted?

Might Yahuah allow this interesting
circumstance to happen, permitting
His Plan of Salvation to be fulfilled
IMPECCABLY?

Scenario #3.

And what if the Jews set aside the sliver moon and instead were **intently by any means possible, - focused on DISCREDITING first**, and then literally **destroying the body of Yahusha?**

What caused them to start their Passover (planned before hand), **12 hours later** than at **Yahusha's Appointed Time?**

Did they hope to convince
the believers of the **Tequfah based
Covenant Calendar**, that the
Jewish lunar system was victorious?

**Was the adversary attempting a
SPIRITUAL REVERSAL, A REBUILDING OF the
moon city's **CENTRAL BELIEF STRUCTURE?**
{re: Yericho's collapse?}**

It becomes quite
interesting to realize
that when the Jewish

CALCULATED

Lunar calendar

is considered, the date
of the sliver moon is **then**

calculated to land

upon Mar **23** – **NOT 24**!

Would this factor facilitate

the Scripture's

12 hour Passover OFFSET?

Question: If the sliver moon was hidden due to cloud cover, is it possible that the conjunction and consequently the start of the new month (**March**, Gregorian) was **CALCULATED** in CE 30?

Shall we look at the CALCULATED PATTERN?

In – **The Moon and The Molad** – 
(**A VERY EXTENSIVE DOCUMENT** on the Jewish **Calculated** Lunar Calendar),
it is declared that the months have an
alternating pattern of 29 & 30 day/lunar months.

Is this so in CE 29 – CE 30?

Here is the **lunar - conjunction to conjunction - alternating pattern** from June CE 29 - through April of CE 30.

Next up, we will examine the result of applying this calendar. **Could this option have been used in CE 30?**

Recall Yahusha's words –
John 7:7 - ... My Time is not yet,
but **YOUR TIME IS ALWAYS READY.**

Note the alternating number pattern!

Note the alternating
number pattern!

Could this Jewish Moon and the Molad system COUNTING OUT THE DAYS of the Lunar month option align to the Scriptural 12 hour offset?

And what of the inconsistent charts that produce various results including the "late" conjunction resulting in a "Friday Crucifixion?"

Elul has 29 days							August has 31 days						

The month of Elul ends the Hebrew year: **3791 30-31 AD**

Step 7 E told us that Tishri I for the new year: **3792 31-32 AD**

would be: **Thursday, September 6, 31 AD**

Thus, we see that our new calendar year matches up with the old and begins Tishri on the correct day.

- If you use the online calendar calculator again to verify the holy day dates for this year, keep in mind that the Hebrew year begins in the fall and ends the following fall. Therefore, type in the current year (example 2005 AD) to find the fall holy days and the next year (example: 2006 AD) to find the spring holy days.

CONCLUSION

Calculating the Hebrew calendar manually proves that 30 AD gives us a Wednesday Passover and 31 AD gives us a Monday Passover. Thus, Jesus' death took place in 30 AD.

The vast majority of people depended upon the religious leaders to teach them truth. They were taught that the lunar system of worship was TRUTH! ***We must recall that even the parents of Yahusha did not fully understand (Luke 2:49,50).*** So most people had no idea that Yahusha was captured Abib 13, and crucified on Abib 14, the day of the **Pesach** in **Yahuah's Covenant**.

Most thought Yahusha was another problematic criminal. Nature's surreal events at the time were designed to wake the people out of their **lunar induced slumber** and recognize the Mashiach for who He was - **AND IS!**
Is it becoming a bit clearer why so many did not recognize Yahusha for who He was - AND IS?

What were the Pharisees and scribes
doing negotiating with Pilate IN HIS

John 18:28 “Then they led יהושע from

Their Lunar Abib 14
Passover Light Season
led into and overlapped
the first 12 hours of
Yahuah's Abib 15
High Shabbat of
Unleavened Bread!

The Pharisees were fully justified
in their minds, that they were not
breaking the Shabbat. How?
Their lunar High Shabbat did not start
until the following sunset
had been accomplished.

Consider this:

The people **WHO DID NOT QUESTION
AND "PROVE ALL THINGS"** in their
faith, followed the Pharisees and
Sadducees along like sheep to a
slaughter. They just accepted that
this so called "problematic man" was
justifiably crucified! ... And that it was
correctly done before interrupting
THEIR festival.

Shall we now recall the text recording **THE PROBLEM**
when **Yahusha** had responded to His earthly parents?
It was referencing Yahusha's activity **IN THE TABERNACLE** –

3 days **following the Jewish Festival!**

What was the **BASELINE PROBLEM** then?

The lunar calendar was being vividly exposed;

BUT WAS THAT THE BASELINE UNDERLYING PROBLEM?

What is recorded about **the condition** of **Yahusha's**
bewildered earthly parents who had NOT BEEN PAYING
SERIOUS ENOUGH ATTENTION TO THE **TORAH?**

BUT THEY DID NOT UNDERSTAND THE WORD

which He spoke to them! Luke 2:50

THE WORD

– not –
words.

And so also it was at the time of the crucifixion.

The people **HAD NOT QUESTIONED THE TEACHINGS!**

They had not proven their belief structure according to the words of the Scriptures!

THE MASHIACH was slain before their very eyes and the **lunar delusion/deception** caused them to look forward to another mashiach to come and save them!

Who could that **other mashiach** be?

For **YOU** have said in **YOUR** heart, “Let **ME** go up to the shamayim (heavens), let **ME RAISE MY THRONE** above the stars of El [Yahuah], let **ME SIT IN THE MOUNT OF CONGREGATION** on the sides of the north.” Isa 14:13

Lunar Abib 14
Night Season!

The two Miryams, having seen the tomb and the Body where it was laid, knowing that Yoseph and Nicodemus had already performed the **proper burial customs**, they **purchased spices** with intentions to apply the additional spices on Yahusha for fragrance purposes.

Mark 16:1 And when the
Sabbath was past,

(that is - Abib 15 U/B High Shabbat)

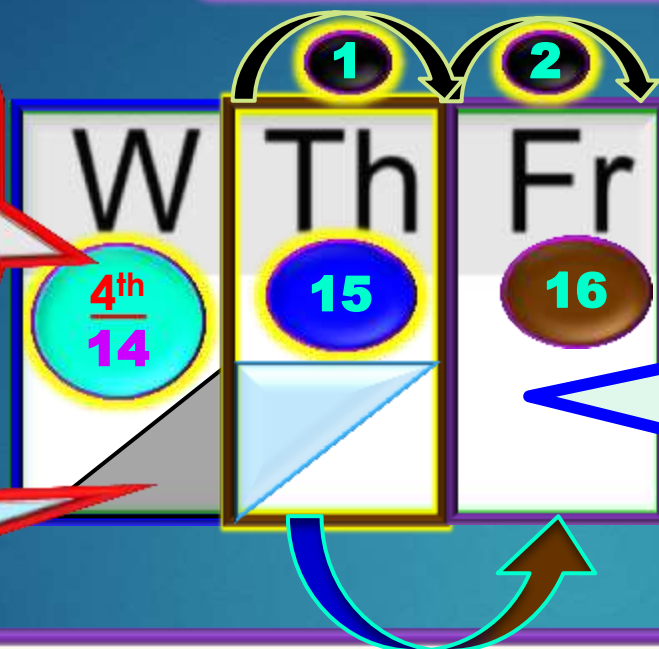

Miryam from Maḡdala, and
Miryam the *mother* of
Ya'aqob, and Shelomah
bought spices, to go
and anoint Him.

It was now the 6th cycle **Preparation**.
Was there any better time than this to
PREPARE spices? **No!** A **Preparation** is the
VERY BEST time to **PREPARE** spices!
Yahusha was **NOT** crucified on "Friday!"
Not according to the Scriptures!

But what
was
the lunar

Sunset

That very **(*Shabbat)** morning, the **Pharisees** had negotiated with Pilate for a **3** day guard. Their lunar Abib **14** Passover Light Season ended with the sunset. It was not yet an U/B Shabbat according to their deceptive lunar calendar!

Yahusha was placed in the tomb just before Dawn, approximately 13 hours prior to their lunar Abib 15 Shabbat Night Season, which began at sunset – on the 5th cycle of the week.

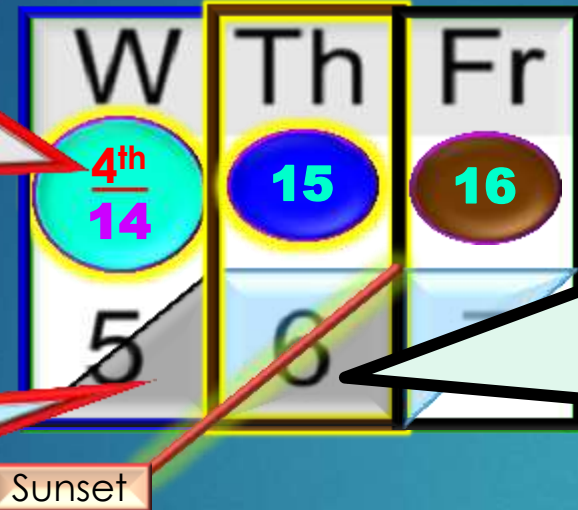

Their Lunar Abib 15 Shabbat
Night Season started half way
through Yahuah's Abib 15
Shabbat of Unleavened Bread.
Yahuah's High Shabbat ended
at Dawn! *Naturally!* 😊

Night Season started half way through
Yahuah's Abib 15 Shabbat of
Unleavened Bread; a 12 hour offset!
Yahuah's High Shabbat ended
at Dawn! {Epiphosko – grow light}.

The Scripture states in Isa 1:13 & 14 -

"Stop bringing futile offerings, incense, it is an abomination to Me.
New Moons, Sabbaths, the calling of meetings – I am unable to
bear UNRIGHTEOUSNESS and assembly.

"My being HATES YOUR NEW MOONS and your appointed times,
they are a trouble to Me, I am weary of bearing them."

A Lunar CONUNDRUM!

If the **lunar Shabbat** of Abib 15 ENDED
at sunset (as sunset theory demands) -

and the **7th day Shabbat** STARTED at
sunset (as sunset theory demands)...

Where then does Mark 16:1 deliver Scriptural alignment?
And when the Shabbat was PAST, Miryam from Magdala, and Miryam of
Ya'aqov, and Shelomah **bought spices to go and anoint Him.** (?????)

Did the ladies wait for the lunar Abib 15 Shabbat to pass, **to PURCHASE SPICES
ON THE sunset 7TH day SHABBAT** thinking that would be the **LESSER OF SINS?**

Two *sunset* Shabbatim
— “back to back!”

Was this sunset a very special lunar designed sunset which provided a **neutral time zone** upon which there was no Shabbat command, when they could, for a minute or two, purchase spices without breaking Yahuah's Shabbat statutes?
And what of the MIXING? (**WORK?**)

The Scriptures reveal -Luke 23:56 (b) ... they prepared spices and perfumes.

{WORK!}

And they rested on the Shabbat according to the command.

On WHICH SHABBAT did they Purchase, Transport, Mix AND REST?

The Gospels document the ladies arrived
at the tomb on the first day of the week
at Sunrise,

**WITH THE SPICES THEY HAD
ALREADY PREPARED!**

If one desires to stand by the sunset to
sunset theory, then one must also be
able to explain how the ladies avoided

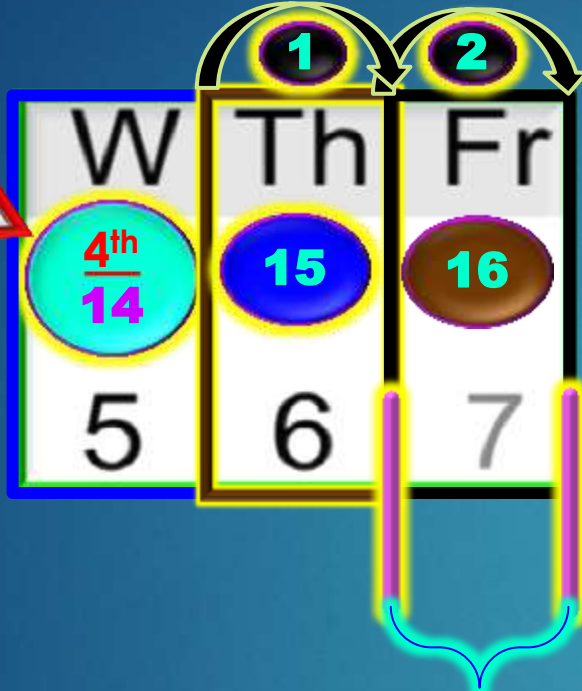

BREAKING YAHUAH'S SHABBAT!

Both of them!

Yahuah's Plan from Eternity!

When the Shabbat of Abib 15, the 5th cycle of the week, was past, Miryam from Magdala and Miryam of Ya'aqov and Shelomoh had OODLES IF TIME to "legally" purchase spices and prepare them on the **Preparation** cycle before the 7th day Shabbat.

Was there any better time than the **Preparation** cycle, to do this honourable duty for the Body of Yahusha, that was laying in wait for resurrection to **FULFILL - the First Fruit?**

Is it possible **Dawn starts and ends the Shabbat of Abib 15?** This factor would give the ladies a full 24 hour 6th cycle period to purchase, transport, mix, package the spices **and sleep**. All this before being at the tomb **at Sunrise** – **the first cycle of the week** – only to find an empty tomb!

Lunar Abib 14
Night Season!

On Yahuah's Preparation
cycle, the Shabbat began
with the sunset? ???

Man has attempted his
asinine control
once again.

Jer 33:20 “Thus said יהוה, ‘If
you could break My covenant with
the day and My covenant with the
night, so that there be not
day and night in their season ...

Jer 33:20 “Thus said יהוה, ‘If you could break
My covenant with the day and My covenant with the night,
so that there be not day and night in their season ...”

Is it possible that one level of understanding this verse
could be knowing that from Creation, the Light Season was
COVENANTED by Yahuah to lead the 24 hour cycle?
And the Night Season was COVENANTED by Yahuah to
follow in humble succession completing each 24 hour cycle
– for eternity?

Let's get back to the Passion week!

Shabbat is for Rest

It was the 7th cycle of the week.

Nearing the end of this cycle, at the point just before Dawn of the first cycle of the week, Yahusha had met Mary Magdalene before He ascended to fulfill the Wave Sheaf. Yahusha had already completed Jonah's Sign prophecy of 3 Light Seasons and 3 Night Seasons until His resurrection.

The **lunar worship system** claims the title of **CONFUSION** by attempting to break **Yahuah's Covenants** of the Light and Night Seasons. It declares the sunset gives authority to the Night Season to lead out the 24 hour cycle!

Lev 23:15 ‘And from the morrow after the Sabbath, from the day that you brought the sheaf of the wave offering, you shall count for yourselves: seven *completed* Sabbaths.

... the morrow after the Sabbath, from the day that you brought the sheaf of the wave offering ...’

Yahusha, the Antitype:

Did Yahusha fulfill this Festival correctly?

Or should we be looking for another, **different Antitype?**

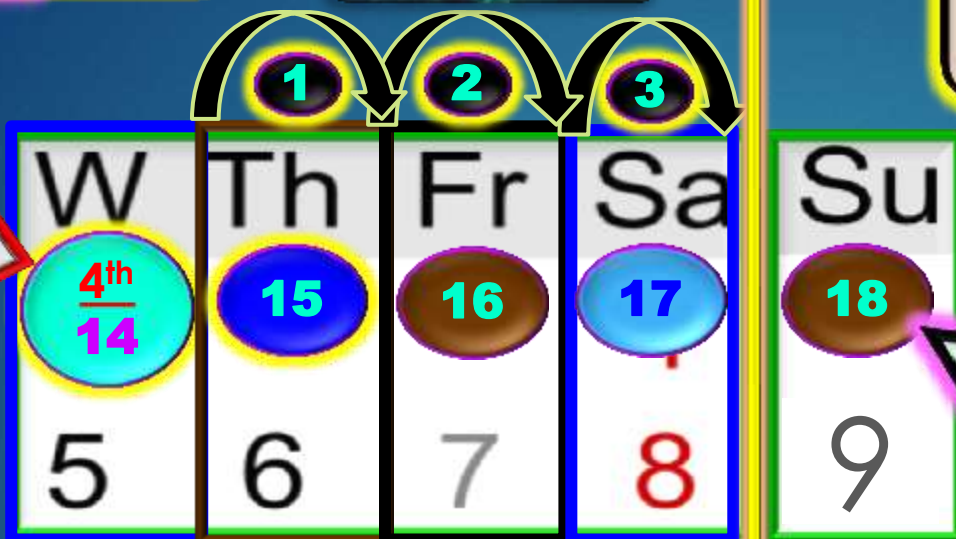

**Torah Fulfillment imperatively needed to be on the
1st cycle of the week!**

What is Roman Reckoning? Roman Reckoning exists in our civilization today. The midnight marker is claimed to be the end and start of the 24 hour period. John, living in Antioch, was writing to a Roman readership. He wrote in R.R. so they would recognize the timeframe.

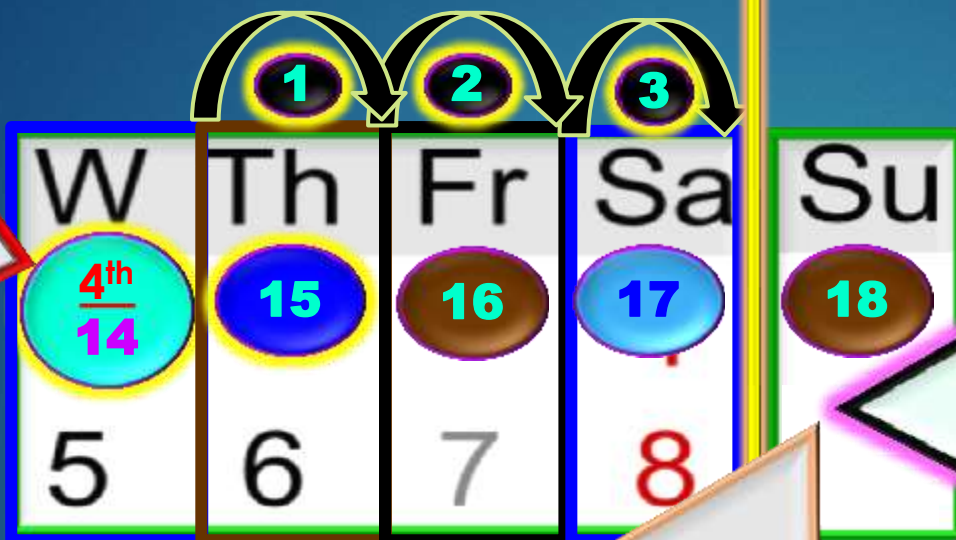

John 20:1 “And on one of the shabbathoth, Miryam from Magdala came to the tomb in the morning, when it was still dim, and saw that the stone had been removed from the tomb.”
Or – when it was still dark.
This is **Roman Reckoning** for timeframe.

Yahusha, was fulfilling the requirement of presenting the First Fruit/Wave Sheaf, of which He was the official Antitype. Yahusha being the Kohen Ha Gadol (High Priest), presented Himself as the **First Fruit** to be presented by the Kohen Ha Gadol, (Lev 23:11) before Yahuah.

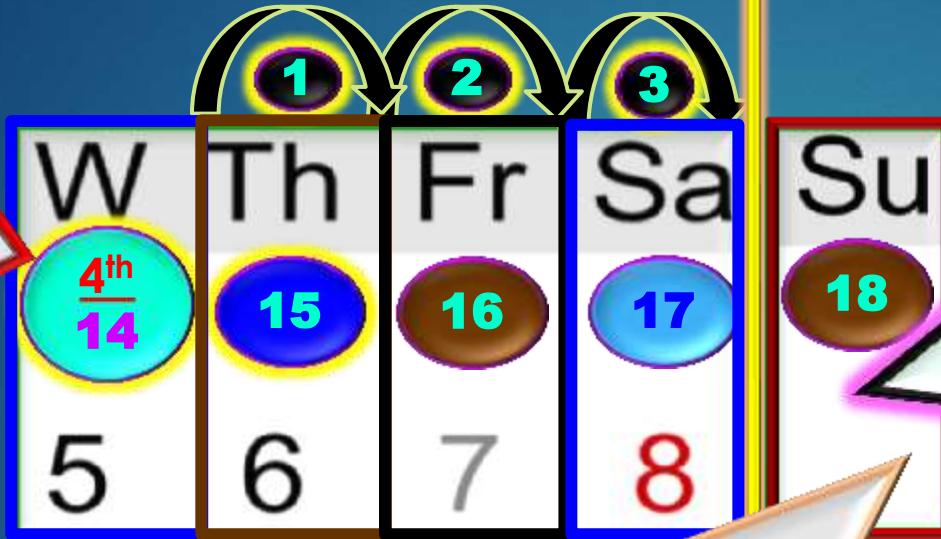

Yahusha said to Mary – John 20:17 יהושע said to her, “Do not hold on to Me, for **I have not yet ASCENDED to My Father.** But go to My brothers and say to them, ‘**I am ascending** to My Father and your Father, and to My Elohim and your Elohim.’ ”

We see in Matt 28:9 that Yahusha returned to earth quite quickly. He met with others and later met the two men of Emmaus. However the meeting room of John 20:19 at evening is brilliant! Evening is twilight and is after the sunset!
