Yes we read in English that Abraham was sitting in

**TRIGGER YOUR

Hopefully not!!

If you think it is possible that the Hebrew letters
might add some pertinent insight into Abraham's
position, then, let's explore it a bit shall we?

Abraham was **SITTING** in the **DOOR** of his tent. Our first inclination may be – Oh, that is a **DALET**!

A **DOOR**! But – **not so!**

The **Paleo Hebrew** letters for what we receive in Gen 18:1, translated into English as “**DOOR**” are -

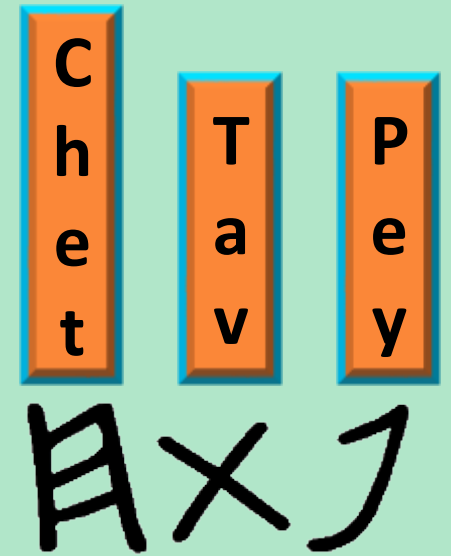

Pey is a **mouth** which speaks into a **message**.

Tav is a **sign, seal, mark, COVENANT** and/or a **SIGNATURE**.

Chet is a fence, a corral, a wall, **that which surrounds, contains, and protects**, &, (in turn) - **separates**.

Take these definitions of the original word and ask – **WHAT WAS ABRAHAM DOING IN THIS ENVIRONMENT?**

Was this Abraham’s own choice, or was he forced to fill this position?? What message is Abraham delivering?

Look closer at the Paleo Chet letter. 
Being the eighth Hebrew letter, it contains the number

#8 Contains the **prophetic** understanding of

Chet is also in the form of a **ladder** (of types).

A **ladder** reveals a position for opportunity to be
– **BY CHOICE** – **elevated, both physical and spiritual.**

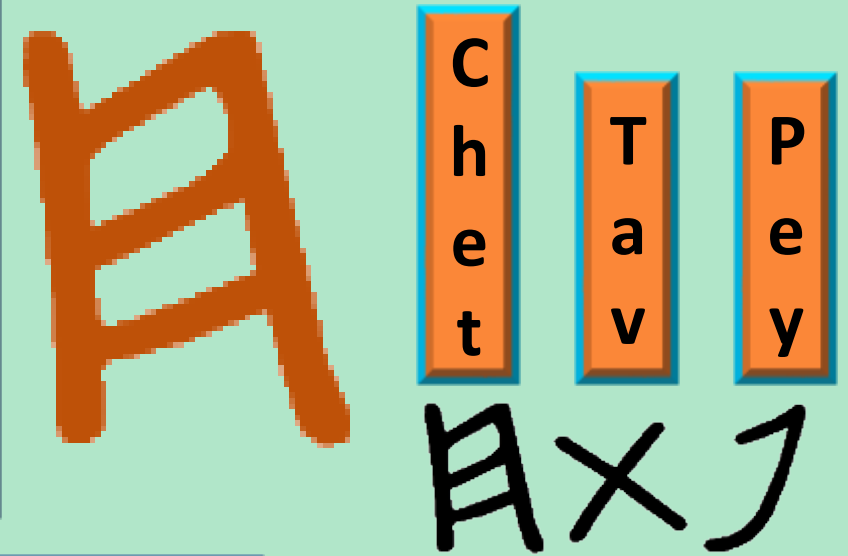

If Abraham did not **CHOOSE** to take the first and sequential
steps {**SHEMA**}, that ladder was ineffectual.

Being positioned in a “portal” was not coincidence.
In terms of **TIMING**, what singular 24 hour event enabled
Abraham to attain this incredible circumstance?

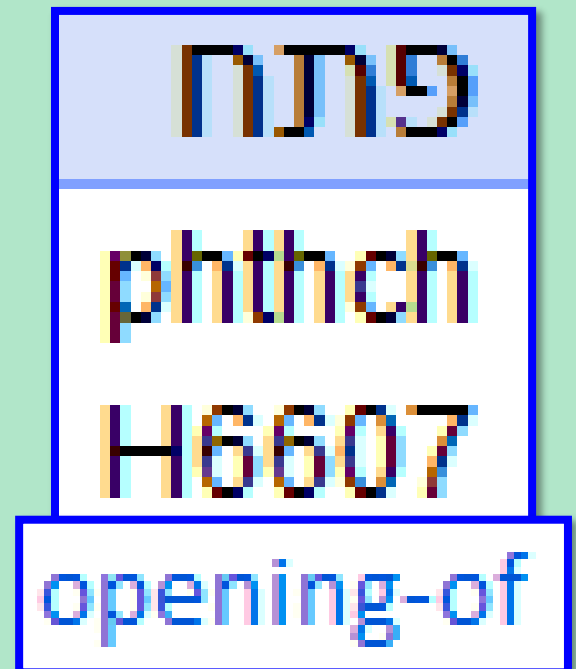

Again – what was really happening with Abraham?

Had Abraham CHOSEN **UNDER THE UNCTION**

What was Abraham's POTENTIAL RESULT?

Was Abraham observing **THE WAY**, or not? Note when Yahuah promised Sarah a child, Yahuah declared He would return according to the **TIME** of Life!
Time – Ayin Tav! Ayin can be understood as a symbol for **eternity**.
Tav, is Covenant. Yahuah fulfilled His promise (Isaac) **according to**

Aleph Tav (Gen 1:1), which equates in Gen 1:1, to PI (3.14/ 22/7)
which has no ending! 22 Hebrew letters over 7 thousand years of this earth!

What is PI? In Genesis 1:1 Elohim created this earth. It was allotted a 7 thousand year timeline. Take this 7000 years, divide it by the Twenty Two Authorized Hebrew letters, and the result is PIE-3.14 / 22/7.

PIE has NO ENDING!

This earth's beginning and ending; Aleph-Tav established at creation, is interjected into ETERNITY!
The 360 day cyclical Shaneh (year) duplication SEEDED onto earth will replicate - on through eternity.

SIGNS ...

Ecc1 1:5 contains the Hebrew word description of the sun **GASPING** to **return back** to its **original point of departure!** The sun **KNOWS ITS COMMISSION**, officially established on the 4th cycle of creation!

The **Shemesh** (sun) had already begun its assigned **Tequfah** (circuit) on the 1st cycle, enabling the first **ereb** (evening twilight **mixture** – *Gen 1:5*).

If the sun had not realized the **IMPORTANCE** of its commission to **establish** a **TESHUVA SHADOW SIGN** on the last cycle of the year, Abraham would have not known where he was to be **SEATED!** Abraham would have not known when to start his count to the Unleavened Bread Appointment upon which he received a visit from the **Almighty Yahuah**.

If the sun **diminished the importance** of **HURRYING** back to the place it arose and “LAGGED BEHIND,” when **Yahuah** informed Mosheh that “**this is the first month of your year,**” Mosheh might have been seriously confused, not having seen - **THE SHADOW SIGN**. The **TESHUVA SHADOW** reveals the time schedule of the **Plan of Salvation**. Without the **Teshuva Shadow Sign** for an indicator of **when** to COUNT, Mosheh might have slain the Passover lamb on Abib **2, 5** or **22** instead, and still have expected to be released from bondage in Mitsrayim! Would the blood applied to the Hebrew door frames of Goshen, on any other Night Season than Abib 14 have the authority to save their lives? What if Mosheh had “missed the elusive sliver moon” and erroneously commanded the Passover Lamb’s blood to be placed upon the door on Abib **15** Night Season instead?

Ps 90:12

How many lives would have been saved then?

What if Abraham had no time frame knowledge of when Sarah was to conceive Isaac, starting the Hebrew nation?

Abraham and Sarah had a part of this function also!

Timing!

What if their ~~timing~~ count had no positive starting point and the ~~sliver~~ moon had put them 2 weeks outside of Yahuah's Qodesh Schedule of Righteousness??

If they had attempted their part on an **incorrect cycle**, and the conceiving part did not occur, would they then have **questioned Yahuah's promise?**

Can the statement on top, be supported from the Scripture?

Let's look at it.

What if, before the second year in the wilderness, the sun “forgot” Yahuah’s commission to establish a Teshuva Shadow Sign, and Mosheh HAD NO ACCURATE WAY TO LAY THE ETERNAL FOUNDATION (Shaneh/22/7, 3.14 eternal replication) FOR THE TABERNACLE, the very next cycle?

Mosheh would not have been PREPARED!

Yahuah DID NOT LEAVE Mosheh in a state of confusion! That wilderness Tent of Meeting was nothing short of a celestial oriented earthly mobile compass, **FIRST AND FOREMOST – SPIRITUAL**, and secondly, physical. The Hebrew nation was not left to wander aimlessly in the wilderness. **Yahuah** placed in their midst the most accurate system of guidance known to man, and, far beyond human comprehension.

The sun had fulfilled its commission by laying down a perfectly straight Shadow SIGN enabling the foundation layout PREPARATION (6th cycle) for the **Wilderness Tent of Meeting!**

Are we beginning to understand
the reason the sun **HURRIES**
back to THE PLACE IT AROSE?

Without this –

Yeshuva

there would not be – **THIS!**

Prov 20:29

The same letters are rendered as **VIGOR!** Vigor can also be understood as - HEAT OF INTENSITY.

Is it possible that this same word could also expose the **heat of intensity** in the battle of LUST (DARKNESS/Sodom), in opposition to **Virtue in Righteousness?**

It's time to reflect on Abraham. Was Abraham sitting in the door of his tent in the high sun heat of the day? Certainly it is acceptable. Was Abraham dependant on the **Teshuva Shadow for Timing** his life and that of his future family? Beyond doubt! Abraham provided **FINE FLOUR** for unleavened cakes, and a suitable (PERFECT) calf for the offering to **Yahuah**. The Heavenly visitors then partook of the offering, sanctifying it as acceptable.

It was a Set-Apart Appointment verifying **Covenant correct** timing!

Note the comment given describing **Abraham**.

Gen 18:19 “For I have known **him**, so that he commands his children and his household after him, to guard the **Way** of **יהוה**, to do righteousness and right-ruling, so that **יהוה** brings to Abraham what He has spoken to him.”

Side Note: *Tell me,* how can this verse be understood at depth, and it still be declared - **that the Shabbat was not given until the Manna Week?** [About 400 years later.] If Abraham was observing by – **The Way** – is not the **Shabbat** the **PREMIER FESTIVAL** WITHIN **The Way?** Lev 23:1-4

Gen 18:19 “For I have known **him**, so that he commands his children and his household after him, to guard the **Way** of **יהוה**, to do righteousness and right-ruling, so that **יהוה** brings to Abraham what He has spoken to him.”

Hosea 4:6

Is it worth sacrificing our children on an alter, **(rejecting Torah)**
to build a worship system of **OUR OWN DESIGN?**

The final comment on the last slide might have seemed to reference physically placing children on an altar. While that is not fully accurate, it is not totally discounted either.

What does this word – **destroyed** – insinuate?

Hosea 4:6 My people are **DESTROYED** for **lack** of knowledge:

destroyed: H1820

damah (daw-mam'); a primitive root; **to be dumb or silent**; hence, to fail or **perish**; trans. to destroy:

KJV - cease, be cut down (off), destroy, be brought to silence, be undone, utterly.

If people do not have **knowledgeable contribution** to guide their progeny, they are **effectively silenced and ultimately removed** from the equation of guidance in **Yahusha Ha Mashiach**. This factor will place families on what is known to us as **THIN ICE!**

Or – **A SEVERE DANGER ZONE!**

Are we paying attention?

WHO has **SILENCED** and **REMOVED** them from
the spiritual nourishing leadership position??

The **FATHER** of **spiritual complacency!**

If entertainment HAS NOT TOTALLY REPLACED the **Ruach's**
pleading for our attention, the **CURSE** of **TRUSTING IN MAN**

(PULPIT OF ORGANIZED RELIGION),

has taken control of those who simply do not take the

HOPE FOR ETERNAL LIFE - SUFFICIENTLY!

If people do not have a **KNOWLEDGEABLE** contribution ...

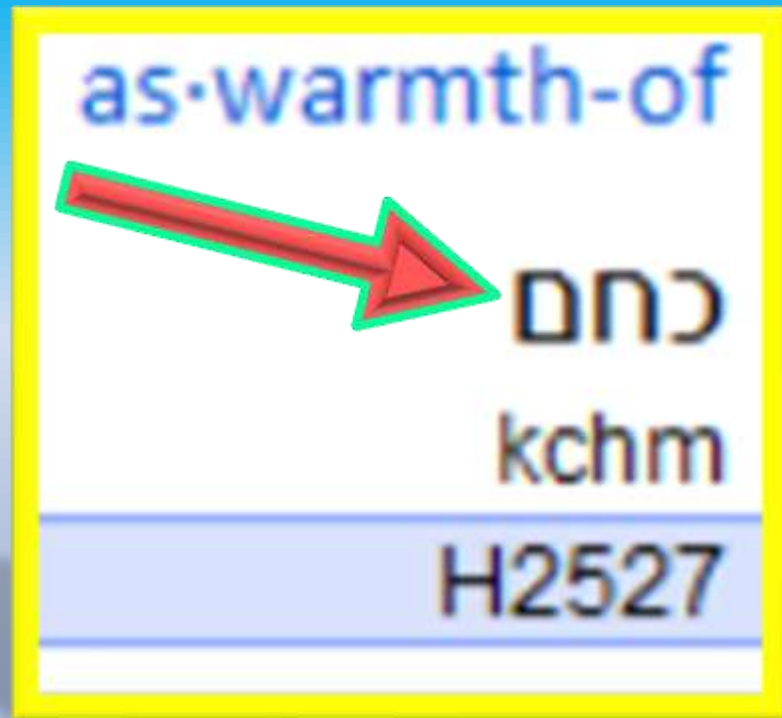

Again: Are we paying SUFFICIENT attention?

Back to our study with Abraham in the “HEAT OF THE DAY”!

The Hebrew language provides multilevel understanding concepts. Abraham had established himself in a lifestyle of **Righteousness**. With this in mind, what **HIGHLY INTENSE HEAT OF THE DAY**, might be referenced for those seeking more understanding within a geographical & spiritual nature?

Abraham's Set-Apart offering meal was accepted and consumed (Gen 18:8). The promise of Set-Apart Appointment visitation producing an offspring was stated, (Gen 18:14, 21:2).

Yet **Yahuah** had **pre-purposed** yet another appointment, of a different nature. When we look at this specific Hebrew word for “**heat**” in Genesis 18:1, it has a **Mem** as the last letter. **Yahuah** did not arrive just to “visit” with Abraham.

The burnt orange arrow is pointing to the final **MEM** letter. A Mem indicates a constant, persistent undulation such as the waves of an ocean. This shows there was a certain **FREQUENCY** permeating the region.

Why did not **Yahuah** use H2750 chori, or H2721 choreb?

These Hebrew words indicate **heat** as well!

Yet there is another Hebrew word that would strongly indicate the sun heating the earth as in the midday! Let's look at it.

The KJV translates Strong's H8273 in the following manner:
 parched ground (1x), heat (1x).

Outline of Biblical Usage [?]

I. burning or scorching heat, parched ground

Look at this word! It would have **BRILLIANTLY** introduced Abraham's relief, relaxing in the **shade** of his tent door! So why did **Yahuah** preserve **kchem** instead? It is translated as "**heat of the day**"! Was this just a "slip up" by the Ruach? Or has Yahuah **strategically** inserted a ***NUGGET TRAIL*** for us to search?

Was there more than the heat of the sun
BEARING DOWN on Abraham AND HIS FAMILY?
Was there an UNWELCOME FREQUENCY authorized by the
same father of CHOSHEK (darkness, Gen 1:2), that had
insidiously assumed control of the surrounding area?
Might **Lot and family**, have been on Abraham's Prayer List?
Might this **frequency** (**mem**) invading the atmosphere, have
caused Abraham consternation to the point of speaking a
BURNING heartfelt prayer, pleading to Yahuah for help?

And if a BURNING HEARTFELT PRAYER had been spoken to Yahuah begging for help, is it possible this visitation on a Set-Apart Appointment, was an answer to prayer?

Gen 18:17 And יהוה said, **“Shall I hide from Abraham what I am doing?”**

Maybe Abraham’s heart was being crushed in concern for his brother and family.

Would the regional spiritual frequency emitted by Sodom and Amorrah cause a **“heat of the day”** for Abraham?

Reading further we find that these **Qodesh** visitors from **TZYON** continued on with their mission to “extinguish the heat” that was being released from the pits of hell, being Sodom and Amarah.

In English we understand that Abraham was relaxing around mid noon, in the shade of his tent, among some beautiful trees.

The Hebrew letters reveal to us that Abraham had purposely chosen to position his full allegiance to the **Torah of Yahuah**, specifically in **obedience** to **THE WAY**, the cyclical Mo-edim system of **Worship to Yahuah**.

Abraham accepted the **Shaneh's Teshuva Shadow Sign**, then with the **Dawn** indicating the very start of Abib 1 and the 14 cycle **COUNT to Pesach**.
