	1st of Month + Annual Shabbat

Website: www.studythecalendar.com

- 2023 was an exciting year for understanding Yahuah's calendar of His Covenant. We now understand that just following the equinox-teshuvah dates from NASA & the internet to set out the festival dates in advance is not accurate for the whole world at the same time.
- Covenant Calendar Classroom completed their year long "shadow marking project" with members around the world to determine the placement of Yahuah's new International Date Line. This year it falls in the Atlantic ocean dividing the Festival dates at the Greenwich time zone, east and west.

- Each member is encouraged to continue practicing marking the sun's shadow from April – Sept so you can experience the excitement of seeing the next straight line develop – AND – be prepared ahead of time for March teshuva 2025 at your location. As usual, the 1st day of the new year follows the straight line shadow.
- Please watch the weekly newsletters & CCC website for updates. Shalom!
